SEIZURE OF VERA CRUZ CUSTOMS HOUSE IS ORDERED

WALKS ARE ORDERED ON 60 STREETS

Sweeping Resolution Was Adopted By Council Monday Night

MANY IMPROVEMENTS

Are Planned By Present Council—Bond Ordinance for Motor Trucks Goes to Safety Committee for Action.

A resolution approved by every member of the street committee directing the construction of new sidewalks or the replacing of old walks, naming sixty streets in the city and providing for the improvement of some of the worst walks in the city, was unanimously adopted at the regular meeting of the city council, held Monday night. If all the walks are constructed as provided for in the ordinance, Newark will add many miles of walks to those already constructed. The execution of the conditions of this measure will mean much to the beauty and convenience of the streets named.

The resolution is the result of a tour of the city taken by the street committee a few days since and judging from the streets named in the measure, not many of the streets in the city were overlooked.

This was only one of the many improvement measures acted upon at the meeting. The present council bids fair to run the last council a close second in the matter of street improvements.

President Rossel was absent and the chair was filled by President Pro Tem Keller. Most of the business was of a routine character and was disposed of promptly.

The street committee reported that council had no jurisdiction over streams or bridges and therefore could take no action on the request of Texas residents to protect that portion of the city from the ravages of the Licking river.

The same committee recommended that the Arlington avenue sewer matter be tabled. The law committee submitted a written report on the matter of the Burt avenue opening, stating that the price asked by property holders for the land necessary to open the street, was too high and recommended that property be condemned.

The law committee's report on the gas rate matter, which included the gas company's reply, heretofore published, was accepted and the matter left in the committee's hands for further consideration.

Engineer Wells reported on the proposed widening of Williams street between Union and Riley streets and the matter was referred to the law committee. He reported that plans had been prepared for the sewer in Indiana, Front, Locust and Jackson streets, showing the cost to be \$4,744 or \$1,367 per front foot for the property owners. The Arch and Lawrence street sewer will cost a total of \$27,53.80 or \$8.2 cents per front foot.

Council Clerk Woodward reported the service notices for the Central avenue paving, Ballard, Webb and Park avenue sewers.

The Merchant's Association presented a petition asking for a transfer of funds for clean-up day purposes. Charles street property owners asked for a sanitary and drainage sewer and Kibler street residents asked to have that street paved.

Two ordinances to transfer funds one in the police department of \$200 and one in the service department of \$500 were passed on suspension of rules.

An ordinance to issue notes to borrow \$28,877 in anticipation of the collection of special assessments for a large number of street improvements was passed on suspension of rules.

An ordinance determining to proceed with the improvement of Webb street by construction of a sewer was passed on suspension of rules. The same action was taken with reference to the Ballard avenue sewer.

An ordinance was passed to construct the Park avenue sewer.

Councilman Knapp's ordinance to issue \$12,000 in bonds to purchase motor equipment for the fire department, was referred to the safety committee. It is said that the sum will be increased as it is believed that the amount is inadequate.

Resolutions were adopted to prepare plans for the paving of Kibler avenue, to pave Buena Vista street to improve Jackson, Locust, Front and Indiana streets with a sewer, to prepare plans for the Charles street sewer, directing the service department to remove the billboards, to print copies of ordinances relating to the construction of sidewalks, a copy to be served with the clerk

with each notice to property owners; a resolution instructing the service director to investigate the advisability of building a municipal gas plant for the manufacture of producer gas was referred to the service committee after the motion to adopt was lost. Councilmen Baker, Bonham, Keller, Payne and Rexroth voted no on the adoption but it was unanimously referred.

The resolution to construct or repair sidewalks was unanimously adopted. It provides for better walks on the following streets:

Curtis avenue, Mill, Arch, Morris, Monroe, Race, and Cedar streets; Penny, Oakwood and Marison avenues, Tuscarawas, Indiana, Vine, East and West Main, Clarendon, North Second, North Park, South Second, Third and Fourth (both sides), Holiday and Harrison streets, Garfield, Fleck, Hudson, Elmwood, Woods and Poplar avenues, Spencer, South Fifth, German, Baker, Pataskala, Ninth, Columbia, Walnut, Shield, Chester, Cottage, Channel, Stevens, North Fourth, Locust, Hoover (Fourth to Eddy), Sixth, West Church, South Eleventh, Union, Grant and Jefferson streets.

The resolution specifies certain walks on these streets to be new or repaired, depending on the condition of the walks. It is the most sweeping order to construct sidewalks passed by any local council.

EMPEROR'S CONDITION IMPROVED

(ASSOCIATED PRESS TELEGRAM)

Vienna, April 21.—Emperor Francis Joseph condition was "satisfactory" today according to the semi-official bulletin. His Majesty passed a good night and his temperature this morning was 97.5. The doctors say their patient's general condition gives no cause for apprehension.

The official bulletin today said: "The slight improvement in the emperor's health which began yesterday continues in a gratifying manner. His Majesty passed a quiet night and had a refreshing sleep. His appetite is satisfactory and his general condition good. The emperor rose at 4 o'clock this morning and will hold his usual audiences today."

LONE BANDIT SECURES LOOT FROM MAIL CAR

(ASSOCIATED PRESS TELEGRAM)

Los Angeles, April 21.—Twenty registered packages was the loot obtained by a man who held up a United States mail car of Southern Pacific train No. 3, which left here last night for San Francisco.

The bandit boarded the train on the outskirts of the city, held up the mail clerks at the point of a gun, and jumped off when the train slowed down for a crossing near Tropic, a few miles out. The value of the package is not known.

TROUBLE OVER AN ALLEGED FIRE TRAP AT FINDLAY TODAY

(ASSOCIATED PRESS TELEGRAM)

Findlay, O., April 21.—Under orders from the state fire marshal thirty-five men almost totally demolished a steam laundry shortly before 5 o'clock this morning and put the proprietor, D. B. Cratty, out of business for the time being. The buildings were alleged to have been fire traps. Notice to this effect was given the owner of the property last December to repair the building, but it is said no attention was paid to it.

The destruction this morning followed, Sheriff Kennedy has made 15 arrests since this morning, among the number being Lawrence East of Columbus, official wrecker of the state building department and Fire Chief Arthur of Findlay. A dozen more arrests of men who assisted in the work have also been made. State Fire Marshal Doffenbaugh is expected here this afternoon.

BELIEVES VERA CRUZ TAKEN WITHOUT A SHOT.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 21.—(4 p. m.) While the Senate was still in debate Acting Chairman Shively of the foreign relations committee made a significant statement to an inquirer. "I strongly suspect Vera Cruz has been taken without a shot," he declined to amplify his remark.

ENGLISH WRITER DEAD.

(ASSOCIATED PRESS TELEGRAM)

London, April 21.—Sir Edward Burne-Jones, who attained celebrity by his two works "Bacon is Shakespeare" and "The Shakespeare Myth" died here today aged 77 years.

Sir Edwin was for over 40 years in English politics, part of the time as member of the House of Commons. He was made a baronet in 1898.

NEW OHIO POSTMASTERS.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 21.—William J. Murphy was appointed postmaster at Cleveland today by President Wilson.

STRIKERS IN BATTLE AT LUDLOW

Ten Killed and Number of Wounded Have Been Reported

RENEWAL OF CONFLICT

Is Expected As Hundreds of Coal Miners Heavily Armed Are Moving Towards The Battlefield—Militia to be Reinforced.

(ASSOCIATED PRESS TELEGRAM)

Trinidad, Colo., April 21.—Hundreds of armed miners who yesterday fought for fourteen hours with state troops in the Ludlow district had disappeared this morning and quiet prevailed in and about the strikers' demolished tent colony.

The 100 militiamen who opposed the strikers were in possession of the railroad tracks from the steel bridge to a point near the burned colony. Reinforcements from Lamar and Walsenburg swelled the number of soldiers on the ground to 190. The list of identified dead was increased to five and it seemed certain that at least as many more fell in yesterday's fighting.

The identified dead: A. Martin, private, Co. A. Louis Tikas, leader of the Greek strikers, Ludlow colony. Edward Fyler, secretary of the Ludlow union.

Charles Costa, Aguilar union leader. Frank Snyder, aged 12.

An unconfirmed rumor stated that two small children perished in the blaze that razed the colony at 9 o'clock last night and the bodies of other strikers are said to be still lying on the field of battle.

Throughout the night bodies of strikers, heavily armed, moved from various coal camps toward Ludlow and a renewal of the conflict was expected momentarily.

All the telephone wires are down in the vicinity of yesterday's battle and at least 10 are believed to have been killed. One hundred militiamen, many of them raw recruits, are confronted with an armed force of striking coal miners variously estimated to number from five to twelve hundred.

Many of the strikers are entrenched in arroyos, back of the Ludlow tent colony, which was destroyed by fire. Hundreds of others are said to be in the vicinity. All during the night, bodies of strikers, heavily armed, in automobiles, wagons and on foot were said to be moving in the direction of Ludlow.

Reinforcements for the state troops are being rushed from Walsenburg

Pres. Wilson Would Prevent Arms From Being Landed For Shipment To Mexican Capital

Still There's Time

Pretty interesting, aren't they? Did you notice last night's picture? Did you have trouble finding a suitable title for it? Some folks did. Other folks didn't. It's reasonable to assume, though, that those who gave it the closest attention are more apt to be right. It isn't a hard task to study the pictures. Everybody says they're interesting even if they are something pretty difficult. And yet, the Contest Editor has been informed that the pictures are being made too easy, and that those 136 prizes worth \$3,864 are going to be "fine picking." Maybe so, and maybe again not so. It isn't always the picture that looks easy that is the easiest to fit with a title. If the pictures are too easy that isn't the contestants' fault. It's all the more reason for you to keep right at it and get your friends busy trying to help you. If you've missed any of the pictures, you may get them at the Advocate office for two cents each. Telephone or write the Contest Editor about it, while there's yet time to get in and win. People are starting in this \$4,000 contest every day.

ated before Lamar, but help is not expected from late this afternoon.

Sheriff Grisham declares the situation is beyond his control, and no more men are available for service as deputies.

BRITISH PRESS ON SITUATION

(ASSOCIATED PRESS TELEGRAM)

London, April 21.—Considerable space is devoted to the Mexican situation by the British newspapers today. The Manchester Guardian, organ of the English peace party, says:

"War, should it come, would be purely ridiculous, if the stakes were not human lives and national reputations. If both sides are itching to be at each other's throats, it would be discreditable to them both to have no better occasion for beginning. The originating cause of the dispute is undoubtedly the extension of the Monroe Doctrine, which from being a mere notice board to Europe against political trespassing in the new world, has become a sort of gazetting of the United States as the political school mistress of central and South America."

"President Wilson was wrong in refusing to recognize General Huerta. The result from the intervention will put 'Pancho' Villa in the position Huerta now occupies. This is not an attractive prospect for Villa possesses in a higher degree every fault that President Wilson has found with Huerta."

The Liverpool Post says: "President Wilson's message was the inevitable culmination of American policy in refusing to recognize General Huerta. The responsibility of the United States cannot cease with a mere conquest under arms and the upholding of American 'dignity,' nor can it be confined to the immediate

protection of international commercial interests.

"The further responsibility will devolve upon the United States of taking such steps as may be considered necessary for the permanent protection of those interests. That can only be done by establishing such a form and personnel of government as will ensure the greatest degree of orderly life. The civilization of Mexico would have a beneficial throughout."

The Daily Telegraph says:

"One of those great waves of national feeling, which from time to time sweep aside political dissensions among Americans, has gone throughout the United States. There is no nation on earth more punctilious over the honor of its flag, and it is merely just for Americans to say that if an insult had come from a more formidable aggressor the manifestation of the public resolve to have reparation would only have been stronger and more violent. There is, of course, no question as yet of war in the strict meaning of the term."

The Globe says:

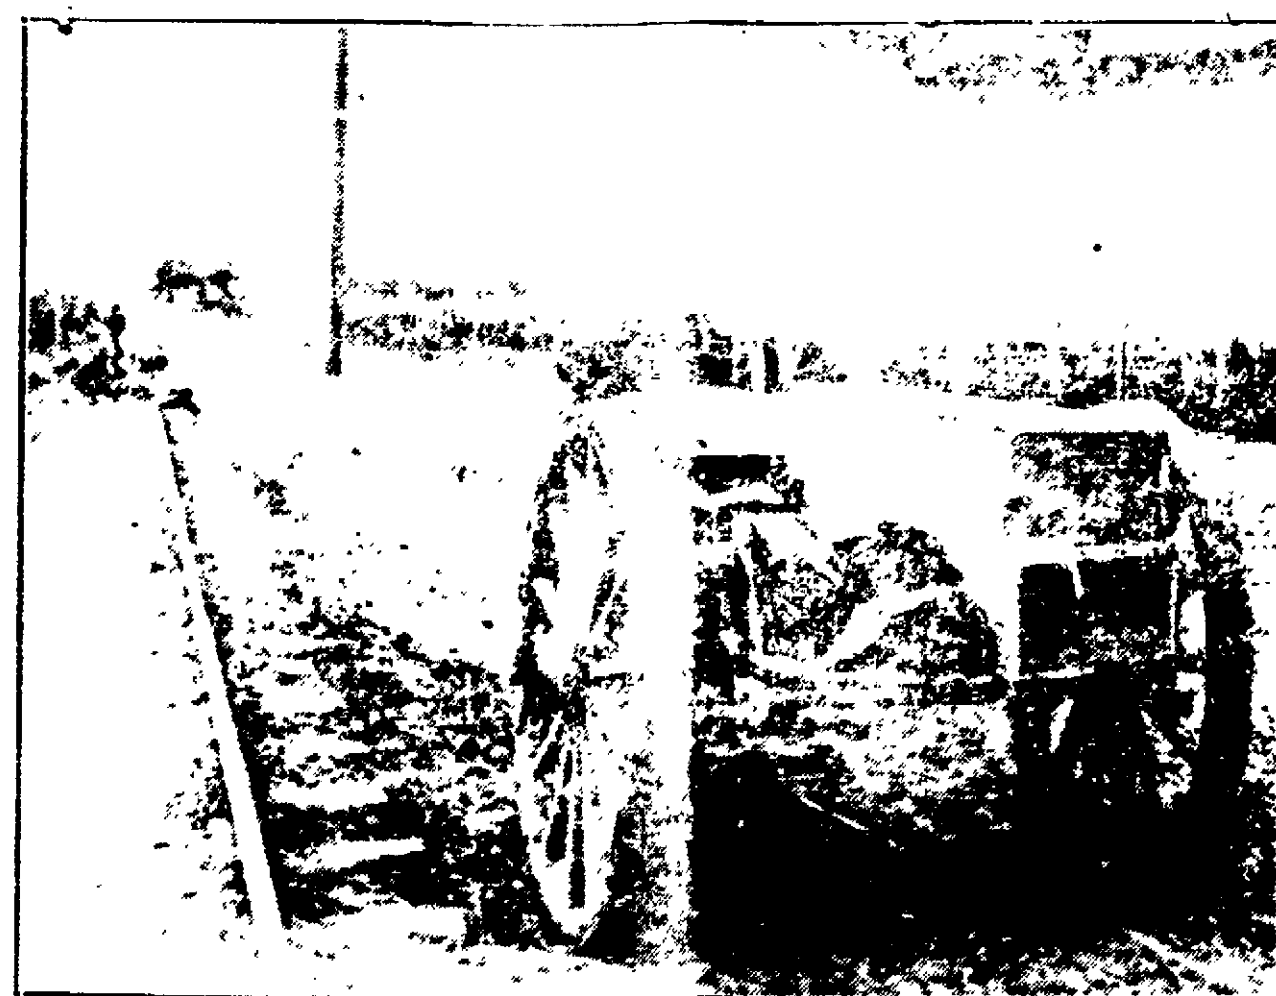

"In the declaration that the military operations of the United States are being taken not against the people of Mexico but against General Huerta, we have the root weakness of President Wilson's policy. He undertakes to say who does and who does not represent the Mexican people. That is a pretension to which there is no other issue than annexation or a protectorate as valid as that now exercised over Cuba."

SOUTH DAKOTA SAILS.

(ASSOCIATED PRESS TELEGRAM)

San Francisco, April 21.—The cruiser South Dakota from the Puget Sound navy yard with 260 marines aboard, entered San Francisco Bay at 4 p. m. today. She proceeded to California City to take on coal preparatory to departing for Mexican waters. About 500 marines from the Mare Island navy yards also will be taken aboard the South Dakota.

Placing Mexican Dead on Railroad Track to Be Mangled Before Burning.

This photograph, taken by a young American mining man in the vicinity of Torreon when General Villa's troops were chasing the Huerta forces, shows the method by which some of the dead federal soldiers were disposed of. Their bodies were placed along the track of the National railway so that heavy trains might run over them and mangle them.

"Why do you do as I am asked in here?" asked what was General Villa's secretary. "They burn the dead. Just beyond and to the right, you can see the smoke of a great number of them being thrown. In the wagon in the foreground, there are several more bodies to be taken to the same place."

Department Wires O'Shaughnessy to Advise Foreign Diplomats In Mexico City to Have All Foreigners Leave Mexico At Once

ADM. FLETCHER EVIDENTLY HAS OBEYED INSTRUCTIONS

Orders Were To Land No Men Until the Shipment of Munitions Had Been Landed—German Steamer Said to Be Carrying Several Million Rounds of Ammunition and Two Hundred Field Guns—As There is No Blockade American forces Cannot Interfere With the German Steamer—Senate is Debating Resolution This Afternoon Approving President Wilson's Course in the Present Crisis.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 21.—Charge O'Shaughnessy at the direction of the state department has advised the foreign diplomatic body in Mexico City to have their people leave Mexico.

At 2:30 o'clock Secretary Daniels said he had "no word" of developments at Vera Cruz. Official circles without comment read a report that marines had landed and taken possession of the customs house. It was said Admiral Fletcher's orders were to land no men until the shipment of munitions had been landed.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 21.—While Congress is debating the Mexican situation, President Wilson has ordered Rear Admiral Fletcher to seize the Vera Cruz customs house and prevent Huerta from getting several million rounds of ammunition and two hundred field guns on a German steamer bound for that port.

The orders went out from Washington early today when it became apparent that the delay in congress was accruing to the advantage of Huerta. At noon the cabinet was in session and so far as was known no word had been received from Admiral Fletcher of his action. The orders, officials said, left to the admiral's discretion when and how to act. As there is no blockade the American forces could not interfere with the German steamer. The orders were to seize the guns and shells after they had landed or to prevent their landing and thus keep them from going to Mexico City.

Officials declared that President Wilson had ample authority for his action without the approval of congress.

Meanwhile both House and Senate reconvened and the Senate went to work on the resolution of approval of the President's course. The orders went out to Admiral Fletcher at daylight after President Wilson and cabinet officials had been in conference since 4 a. m. mostly over the telephone.

The orders to the admiral, it was said, conferred the broadest authority upon him and directing that, if necessary he take the town of Vera Cruz as well as the customs house to prevent the landing of the munitions.

Officials here said the Admiral might wait until the German steamer had landed her cargo unmolested and then take the customs house and the munitions or, when the German steamer comes to the port, he might seize the customs house and if the guns were landed they would come into possession of the American forces.

That the steamer might take her cargo to some other port was a possibility of which officials were cognizant.

Some report from the admiral was being awaited momentarily. When news reached the capital that the order had gone to Admiral Fletcher it aroused considerable enthusiasm among the senators and representatives.

Democratic Senate leaders believed an order to the American commander to begin actual operations would serve to hurry action on the resolution to back up the president's course.

Republican leaders were planning to champion the substitute submitted by Senator Lodge, which refers to the long series of outrages against Americans in Mexico. This was not accepted, however, by Democrats. Neither will it be accepted by House leaders, it was said.

The House resolution as amended by the foreign relations committee was laid before the Senate soon after it met at noon.

A new resolution to accept the apologies already offered by Huerta as "sufficient reparation" for the Tampico incident was introduced by Senator Works Republican.

Secretary Daniels left the cabinet meeting at 12:20 o'clock. He was asked about the orders to Admiral Fletcher.

"It would be very unwise for me

(Continued on Page 2, Col. 2.)

Advocate Booklovers' Contest Prize Picture

WHAT IS MEANT BY THIS PICTURE?

COUPON NO. 61.

Newark Advocate Booklovers' Contest.

Title
Author
My Name
My Address
(61) APRIL 21, 1914. (61)

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the picture and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted.

If any one of the five answers that may be given to any picture is correct, the contestant will be credited for the correct solution and will not have the incorrect ones counted against his or her chances.

Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 280 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared, in the opinion of the judges.

No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures.

Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and should be addressed to "Contest Editor," Booklovers' Contest, Advocate, Newark, Ohio. The awards will be made strictly according to the correctness of each set of an-

swers, and the correctness shall be determined by the Finding List, the catalogue issued by us as governing the Booklovers' Contest. This catalogue can be obtained from the Advocate office for 25c (27 cents if by mail), and will include in its 5000 titles every one used in the contest. Awards will be announced in this newspaper after the close of the contest.

It is not absolutely necessary to send in solutions on blanks clipped from the Advocate, as duplicate pictures may be drawn by the contestant, if he or she so desires, or duplicate blanks may be obtained at the office of the Newark (Ohio) Advocate.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is non-toxic and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

CHAPPELAIN'S BRONCHINI Stops that Cough, Relieves the Tickles, prevents and cures Croup, Relieved in instant time. It is your house for use in cases of emergency—the lives of many have been saved by doing so. 25 and 50c. of All Druggists. The Wm. M. Chappelein & Son Co., Cincinnati, Ohio. THE GREAT COUGH-CURE

SEIZURE

(Continued from Page 1.)

nation but that salute is a governmental action. All party lines disappear in the demand for amends for such an insult and we all stand behind the president's demand for atonement."

The cabinet meeting broke up while the Senate debate was on and Secretary Tumulty and some of the cabinet members hurried to the Senate chamber to hear the speeches. "Nothing new in the situation," was the way Postmaster General Burleson put it.

Senator Lodge resented any imputations that the Republicans were lacking in proper regard for the honor of the flag.

"But we must also think of that which the flag covers—the citizens of the United States," he said. "One hundred and fifty American citizens have perished on Mexican soil. I cannot demand atonement of the insult at Tampico overlooking these outrages. I cannot pass these murders silently by without saying that here is a greater wrong to be atoned and a wrong which must not be and shall not be repeated."

"I cannot be put in a position where I appear to pick and choose between the factions that today tear Mexico asunder. I cannot join in any resolution which puts the United States in the position of preferring one murder and cut-throat above another murder and cut-throat."

"I have no desire to criticize President Wilson for his failure to recognize General Huerta. He no doubt, proceeded on grounds appearing to him as sufficient. I condemn as strongly as I can the methods of treachery and bloodshed by which Huerta reached his present position. But the fact that I condemn his methods does not lead me to put myself in a position which by distortion of the acts which we take here, or of the words which we utter here would put me behind Villa—Villa who began life as a hired assassin and whose pathway has been marked with bloodshed, rapine, plunder and by unnamable crimes which are a disgrace to the country in which we live. It is for that reason that the minority of the committee on foreign relations has presented the substitute for the preamble of the resolution. Not one sentence can be denied. Each is a melancholy truth."

The senator added that the first act under the resolution would be the taking of Vera Cruz. "We are engaged at this moment," he declared, lowering his voice emotionally, "not only in dealing with a question involving the gravest responsibilities that can confront the congress but as not often happens we are participating in a great historic action. The grounds of our action here today will lie before the world and will come to the tribunal of history."

"If we are to intervene in Mexico at any point, I want to lift it up from the level of personal hostilities and place it on the broad ground of great national action taken in the interest and protection of American lives in a foreign country and for the purpose also of restoring peace and order, if we can."

Senator Shively, acting chairman of the committee declared the pending resolution was of "paramount importance."

"The attempted parallel between the present proceedings and the proceedings leading up to the declaration of war with Spain is futile," he said. "It is never too late to declare war. It may easily become too late to secure peace. This action was a declaration of war. This resolution is a good faith effort to preserve peace."

He said the president had not asked for "authority" because he did not wish to pursue a war. Mr. Shively contended the Lodge preamble would have no result but war.

"Expedition here is vital," said Senator Shively emphatically. "Because this is an effort to preserve peace."

"Would the seizure of Vera Cruz by force be an act of peace or an act of war?" asked Senator Brandegee.

"It would be an act of war," said Senator Shively. "It would be an act of reprisal. On many occasions has the United States landed forces and seized property and no war has ensued."

Senator Shively insisted the true complaint was of acts, not assaults, on private persons or property but acts that had all the evidence of being meant as insults to the United States government and meant to impeach the power of sovereignty.

"The situation in Mexico is bad enough. No one will dispute that. But here we are engaged in an effort to avoid going further than is necessary and at the same time to impress upon those in authority that the dignity of the United States must be respected."

The Lodge senator said that the seizure of Vera Cruz by force would be an act of war. He said that the president's demand for amends for such an insult and we all stand behind the president's demand for atonement."

The sergeant at arms will clear the galleries, directed the vice-president. About a hundred men immediately were removed. Huerta has studiously endeavored to insult the president and the government of the United States. It is not a matter of injury of property, or life, it's a matter of insult to the honor of the flag and the president sounded the right keynote—Huerta. The house of representatives struck the keynote Victoriano Huerta. And when I vote for these reasons I do it with a hope that the house in conference will insist on naming Huerta the insulting party."

"If war shall follow these resolutions, the civilized world should know that it was forced by Huerta. And, if war shall come it should be war against, not the people of Mexico but against Huerta."

Senator Williams added: "I am for the committee resolution because if this assassin, this traitor, this brute, who is now in authority in Mexico should salute the flag before we go into Mexico we would not have to go. Under the Lodge resolution we would have to go."

"The senator from Massachusetts wants the resolution on such broad grounds that it will be sufficient to make us stay in Mexico when we get there. I want on such narrow grounds that if Huerta dies, if Huerta is assassinated, or if Huerta salutes the flag we can come on home."

Senator Bradley, Republican, of Kentucky, declared his willingness to support the President.

"I am not only in favor of sending the flag to demand reparation for insult," he said, "but I am in favor of sending the flag to Mexico to protect American citizens from rapine and plunder and murder. I agree with the senator from Massachusetts that the president's resolution is not broad enough."

ARE AWAITING ORDERS FROM PRES. WILSON

(ASSOCIATED PRESS TELEGRAM) Washington, April 21.—Landing of American bluejackets and marines on the coast of Mexico was delayed today while President Wilson awaited approval by congress of his purpose to use armed force to compel respect for the stars and stripes from the Huerta government.

Objection to the form of the resolution passed by the House last night to endorse the president's plans had prevented action in the Senate and that body after a spectacular midnight session had recessed until noon today to take up a substitute measure reported by its foreign relations committee. This substitute which administration leaders expected to see adopted after a brief debate and sent over to the House for concurrence, would broaden the congressional declaration and eliminate direct reference to Victoriano Huerta. It also would specifically disclaim on the part of the United States any hostility to the Mexican people or any purpose to make war upon them.

The president told congress when he read his message to the joint session yesterday that he had constitutional powers to act in this crisis to uphold the honor and dignity of the nation, but desired an expression of congressional approval before proceeding upon his determination to use the army and navy to force reparation for the arrest of American bluejackets at Tampico. Consequently order for actual reprisal will not go forth from Washington until congress has voted its endorsement.

In the meantime the war fleets of the United States are nearing the shores of Mexico. Rear Admiral Badger, commander in chief of the Atlantic fleet, now crossing the gulf of Mexico with four dreadnaughts is expected to reach Tampico some time tomorrow. Two of his ships probably will go on to Vera Cruz while two will join the vessels already at anchor off Tampico. Seizure of these ports has been determined upon as the first step in the administration reprisal program. When Vera Cruz has been taken, a force probably will be marched inland and once there seize and hold the railroad terminus upon which connection with Mexico City depends. Active preparations for immediate action upon word from the White House continued at the navy and war departments today. The navy telegraph office had been kept open throughout the night, the officers in charge busily deciphering dispatches to be laid before Secretary Daniels upon his appearance in the morning. What the two branches of the service are ready to do has been explained to President Wilson at a White House conference while congress was in session last night. In the conference were Secretaries Bryan, Daniels and Garrison, Secretary Tumulty, Rear Admiral Fiske, chief of the navy bureau of operations; Rear Admiral Victor Blue, chief of the bureau of navigation; Major General Wood, chief of staff of the army; Major Connell, of the general staff, and Captain McCoy, general Wood's aide. The army and navy officers had with them war maps and charts, with all of the operations proposed for them outlined in detail.

At the capitol congressional leaders were bustling about early today in spite of their long and trying day's work yesterday. Members of the House, who were in bed before the Senate convened for its midnight session, prepared to dispose of some ordinary business while waiting for action in the upper branch. The Senate had agreed to begin consideration of the committee substitute for the house resolution upon reconvening. This substitute had been agreed to by administration senators after acting Chairman Shively of the foreign relations committee had conferred with vice-President Marshall, Secretary Garrison, Postmaster General Burleson and Secretary Tumulty, who went to the capitol at midnight when word came that objections to the "individualizing of Huerta" was about to hold up action in the committee indefinitely. President Wilson himself had retorted about 10 o'clock after hearing the overwhelmingly favorable vote in the House in response to his address. The substitute is as follows: "In view of the facts presented by the president of the United States in his address delivered to congress in joint session on the 20th. day of April, 1914, in regard to the certain affronts and indignities committed against the United States in Mexico, be it,

Did You Attend the Suit Sale Today?

Its The Greatest Buying Opportunity of The Season If You Have'nt Attended---Come Tomorrow Sure

Women were thunderstruck—could hardly believe their own eyes when they read of this gigantic suit sale in last night's paper. Many came here in a skeptical mood, but found every item exactly as advertised. We need the room for summer goods and must close out all suits as soon as possible. No need waiting for July sales for prices will never be any lower than they are now. This sale embraces our own high grade stock of suits, including models from the best American and foreign designers. The materials are charming consisting of Silk Moires, Fancy Silks, Gaberdines, Eponges, Bedford Cords, Serges, Brocaded effects and numerous others. Styles are charming, many being made with tunics, tiers, flares and Medici collars, others more plainly tailored for those who desire them. Any color you might have in mind is here to select from. Sizes range from 13 to 49. If you are thinking of buying a suit, you can't afford to miss this sale.

Here's The Prices---Aren't They Wonderful Values

Alterations Free of Charge T. L. DAVIES LEADER IN QUALITY AND LOW PRICES. NEXT TO KIRBY'S NEWARK, OHIO Alterations Free of Charge

throughout the night, the officers in charge busily deciphering dispatches to be laid before Secretary Daniels upon his appearance in the morning. What the two branches of the service are ready to do has been explained to President Wilson at a White House conference while congress was in session last night. In the conference were Secretaries Bryan, Daniels and Garrison, Secretary Tumulty, Rear Admiral Fiske, chief of the navy bureau of operations; Rear Admiral Victor Blue, chief of the bureau of navigation; Major General Wood, chief of staff of the army; Major Connell, of the general staff, and Captain McCoy, general Wood's aide. The army and navy officers had with them war maps and charts, with all of the operations proposed for them outlined in detail.

At the capitol congressional leaders were bustling about early today in spite of their long and trying day's work yesterday. Members of the House, who were in bed before the Senate convened for its midnight session, prepared to dispose of some ordinary business while waiting for action in the upper branch.

The Senate had agreed to begin consideration of the committee substitute for the house resolution upon reconvening. This substitute had been agreed to by administration senators after acting Chairman Shively of the foreign relations committee had conferred with vice-President Marshall, Secretary Garrison, Postmaster General Burleson and Secretary Tumulty, who went to the capitol at midnight when word came that objections to the "individualizing of Huerta" was about to hold up action in the committee indefinitely. President Wilson himself had retorted about 10 o'clock after hearing the overwhelmingly favorable vote in the House in response to his address. The substitute is as follows: "In view of the facts presented by the president of the United States in his address delivered to congress in joint session on the 20th. day of April, 1914, in regard to the certain affronts and indignities committed against the United States in Mexico, be it,

"Resolved, That the president is justified in the employment of the armed forces of the United States to enforce his demands for unequivocal amends for the affronts and indignities committed against the United States; be it further,

"Resolved, That the United States disclaims any hostility to the Mexican people or any purpose to make war upon them."

Senator Lodge, ranking Republican member of the foreign relations committee has submitted another substitute. It would declare that in view of a state of anarchy existing in Mexico making it impossible for Mexico to discharge its international obligations, and the unprovoked insults and indignities inflicted upon the flag and the uniform of the United States by armed forces there:

"That the self respect and dignity of the United States and the duty to protect its citizens and its international rights require that such a course be followed in Mexico by our government as to compel respect and observance of its rights."

Arrangements for the participation of the revenue cutters in a Mexican blockade were being perfected today by officials of the treasury and war departments. It was recalled that the ships of the customs navy aided in maintaining an effective blockade of the Cuban coast during the Spanish-American war.

There are now 23 cutters available for immediate operations along the Mexican coast; seven on the Pacific side and sixteen on the Atlantic. Still other ships of the service, it was said, could be brought into action if necessary. The entire force of the revenue cutter service is approximately 1500 officers and men. There has been no intimation so far as to what part the army is to take in carrying out the president's program. For months past to all inquiries as to action by the army in (Continued on Page 3, Col. 3.)

Good Bowels Are An Aid to Growth

Growing Children Need a Mild Laxative to Foster Regular Bowel Movement.

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health, great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constipate one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a wholesome fruit like bananas, constipating many. It is also to be considered that the child is growing, and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often or occasionally, according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin. This is a laxative and tonic combined, so mild that it is given to little babies, and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Syrup Pepsin at night on retiring, and prompt action will follow in the morning. It not only acts on the stomach and bowels but its tonic properties build up and strengthen the system generally, which is an opinion shared by Mr. John Dey, of Bloomfield, N. J. He has a large family and at ages where the growth and development must be

MARIE DEY

watched. Little Marie has thrived especially well on Dr. Caldwell's Syrup Pepsin. Mr. Dey considers it the right laxative for young and old and has found none better for young children.

The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid cathartics, salts and pills as they are too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be conveniently obtained of any nearby druggist at fifty cents and one dollar a bottle. Results are always guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

VANATTA.

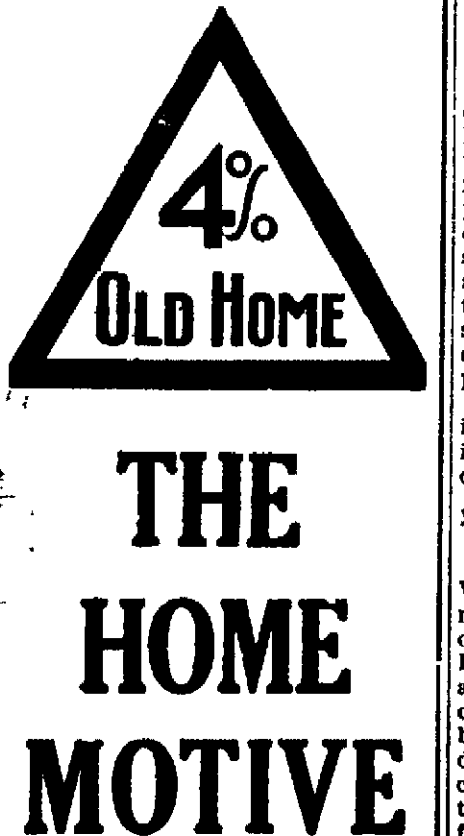

We are glad to welcome our new grocer, Mr. Wm. H. Gregg, into our village, for he has proven himself worthy of our patronage.

Owing to the rainfall of last Wednesday evening, the Grange did not meet. The program, however, will be rendered at the next meeting.

EXERCISES IN PREPARATION FOR ARBOR DAY

Arbor day exercises will be held in the Y. M. C. A. auditorium on Thursday evening, April 23, 1914, under the auspices of the West Locust Street Beautifying society. Civic societies, teachers, pupils, and all others interested, are heartily invited to attend.

This meeting will prepare all to better observe Arbor Day which immediately follows. Many persons who live on this street have expressed their desire and intention of improving their sidewalks and otherwise beautifying their property.

The exercises will begin at eight o'clock, and as admission is free and open for all, it will be necessary to come on time in order to get a good seat, for none will be reserved.

PROGRAM.
Invocation, Rev. G. A. Marshall.
Some Objects of the Society, President Larson.

"A Few Good Trees, Plants and Flowers for Home Planting," by Hon. F. H. Ballou, Assistant Horticulturist, Experiment Station.

"The Rented Farm," Mrs. W. V. Davis.

Address, Hon. A. P. Sandies, president Ohio Agricultural Society.
Short Volunteer Talks.

SEIZURE

(Continued from Page 2.)

Mexico, Secretary Garrison's invariable reply has been "semper paratus" (always ready). The quartermaster corps has been looking out on both the Atlantic and Pacific sides of the country for transports sufficient to convey the army to the southward. Lists of ships available are already on file and in an emergency all preparations for the transportation of the army could be completed within a few hours.

HAYWOOD'S THREAT NOT APPROVED BY FEDERATED UNION

(Associated Press Telegrams)
New York, April 21.—The threat of Wm. D. Haywood, leader of the Industrial Workers of the World, to dig up the coal mines of the country in the event of a war with Mexico, does not constitute sedition in the opinion of H. Snowden Marshall, United States district attorney. No word has been received from the department of justice at Washington relative to action against Haywood for delivering the alleged seditious remarks in the course of a speech here on Sunday night, and none was expected at Mr. Marshall's office.

To prove sedition, Mr. Marshall explained last night that some tangible evidence of conspiracy to tie up the mines would have to be shown, following a reiteration of the seditious language after war had been declared. Heads of the Central Federated Union and affiliated unions issued statements last night declaring their disapproval of the Industrial Workers of the World threats and expressing their loyalty to the American flag.

PATRIOTIC SPIRIT IS EXHIBITED BY THE CHICAGOANS.

(Associated Press Telegrams)
Chicago, April 21.—News that the House of Representatives had passed the resolution authorizing President Wilson to use the armed forces of the nation in Mexico to compel respect to the United States flag was greeted with cheers and much enthusiasm by audiences in Chicago theaters and crowds in cafes last night.

In one theater, the news from Washington was flashed on screen, as the orchestra began to play "The Star Spangled Banner." A thousand persons jumped to their feet and the music was drowned by the cheering which followed.

A demonstration of 15 minutes occurred in another theater when an actress appeared on the stage carrying a large American flag. "Sing

America" called some one in the audience. The orchestra struck up America and every person in the House stood up and joined in the singing. "Columbia, the gem of the ocean," "Maryland," "The Star Spangled Banner" and "Dixie" followed in rapid succession.

Three cheers for the President of the United States yelled some one in the balcony and the audience gave three lusty cheers for President Wilson. The play was continued after the demonstrations.

Announcement was made at the University of Chicago that should war be declared students in the senior class who enlisted and went to the front would be given credit for a full year's work and would be graduated.

STUDENTS CHEER THE REMARKS OF DEAN STODDARD.

(Associated Press Telegrams)
New York, April 21.—New York University students cheered Dean Francis Hovey Stoddard for several minutes yesterday when he said at chapel exercises that he knew "all the students of the university stood ready to give their lives for the country if needed in its defense."

"The students of this university need no urging to do their patriotic duty," said the dean. "I feel confident that the management of our government is in patriotic hands, and I feel sure that the students here before me will sustain the honor of this government by every means in their power."

BREVITIES

Bazaar at Hickey Hall.
The bazaar to be held in Hickey hall for the benefit of St. Francis de Sales school will open tomorrow and continue the balance of the week.

Cottage Prayer Meeting.
The regular cottage prayer meeting of Tuesday evening will be held at the home of Mr. and Mrs. Hostetter in Seventh street, between Church and Locust. See the light in front. All are invited.

Work Progressing.
Workmen on the city building have removed a portion of the west wall of the south end of the building and today arrangements were made to remove that part of the Main street wall which will be replaced with an entirely new front.

Presumptive Evidence.

Paint Up.

As I've often said before, you should toddle to the store, if your standoff's not too faint, and invest in yellow paint; then embellish house and barn, till the neighbors say, "By darn! What a lovely, gorgeous hue! We must get to painting, too!"

Cene Johnson of Texas has succeeded Joseph W. Folger of Missouri as solicitor of the State Department at Washington. Mr. Johnson has been a prominent lawyer in Texas. He is fifty-four years of age. The photograph of him was taken as he left his new office. His place pays a salary of \$5,000 a year.

New Solicitor of State Department

Take Time to View Plan With Unprejudiced Mind, Sign Board of Trade Card

It is doubtful if there exists in the minds of any class of Newark citizens, any other sentiment than one of approval of the Board of Trade's plan for raising a factory fund, to be used for the sole factory of the city's industrial development. It has been endorsed by a great number of organizations of Newark, most representative citizens, and seems to appeal to every one who will examine it with candid intelligence, as fair, comprehensive and co-operative.

Its simplicity is one of the strongest features. There is no complicated machinery which is liable to get out of order, but a simple definite object to be attained with direct, frank and effective methods of accomplishing it.

Give the proposition a fair minded consideration in its prominent essentials and it is believed each one will at once sign his card and mail it to Secretary W. F. Wulfoop, Secretary of the Board of Trade.

Here is the plan stated in concise form:

1st—Newark needs an industrial awakening to keep pace with other cities of her class in Ohio.

2nd—Nothing tends to increase industrial and commercial welfare and prosperity like factories running upon full time, with numerous employees and big payrolls.

3rd—Money paid out by manufacturing plants raises the wage

standard, makes it possible for the workman to save his earnings, buy and own his home, and means increase in his expenditures for the comforts and necessities of life.

4th—Every new industry located in a city, increases the value of the property in its vicinity including the homes of the working class, and expands the market for labor at good returns.

5th—To foster a city's industries and induce new ones to locate, is the province of a Board of Trade, a factory fund is necessary to get results, and this must be raised by some means. The plan proposed allows every one to contribute in proportion as he is able, the owner of real estate just one-tenth of one percent. By doing so he becomes a share holder in the general progressive movement.

6th—This fund when raised will be placed in the hands of five of Newark's most representative citizens as trustees, and they are bound by a contract with the directors of the Board of Trade, making them personally responsible for the proper expenditure of this money, which can be used only for the purpose of getting new industries to locate in Newark.

Could anything be more frank, more simple in conception and direct in application? Think it over without prejudice and you will no doubt sign and return your card.

Then appeared on the scene Senator James Hamilton Lewis of Illinois, who took occasion to introduce a number of friends, his former constituents from the state of Washington. The vice president shook hands and said some pleasing words and then turned to Lewis and remarked: "You want to get in there and sustain my ruling. They are trying to overturn it."

Vice President Marshall may have no pride of opinion, but he likes to be sustained just the same.

When Payne Gets Started.

Congressman Payne of New York is not as anxious to get into debates as he was many years ago. He prefers to sit and listen to the proceedings, take a nap occasionally and let the younger men of the house go on in their own way. But when he gets started he makes quite a sensation. He seemed to have a good time not long ago in a debate with Vic Murdock of Kansas. Among other things he mentioned that Murdock was running for the senate instead of the house. "Murdock knows he will get left," said Payne, "but he has an idea that running for senator is a bigger funeral for him than running for the house."

Pointed For the Graveyard.

This is the season in legislation when a number of measures are pointed for the graveyard. Whenever one observes an extra effort being made to postpone the consideration of any measure until the next regular session in December that particular measure is certainly headed for the graveyard by its opponents. Whenever contested legislation goes over to the short session it means that it has gone where it can be easily defeated. There is pressure for time now, but it will be trebled during the short session.

Labor Men Anxious.

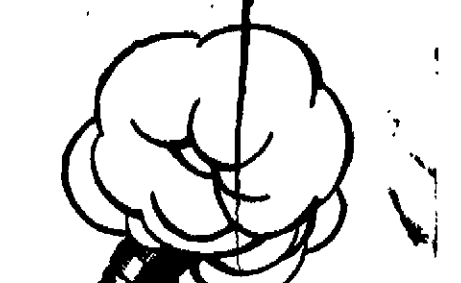

Representatives of labor are decidedly anxious about legislation which will exempt labor organizations from prosecutions under the Sherman trust act. While they got such a measure through as a part of the last sundry civil appropriation bill, it was really of no consequence, because it lasted only a year and only applied to a comparatively small amount of money appropriated for the department of justice. The labor organizations want this put on the statute books in such a way that it will have teeth and will mean the exemption of such organizations.

LOCK.

Mrs. Lizzie Clutter, Gordon Coe, and James Parks are on the sick list.

PROFICIENT DAIRYMEN.

One of the notable features of the work of the dairy department of Ohio State university is found in the fact that almost all the work in the university dairy is done by students. Many of these students are not only interested in dairying but are partially dependent upon themselves to pay their way through school. Coincident with this fact comes the interesting feature that the most successful dairymen to be turned out from the university have been men who worked in the dairy while in school. All operations, from milking the cows, testing milk, pasturizing, bottling milk and churning to keep records, are done by students. The men who work their way through college, no matter what their specialty may be, are usually the most proficient when they take up real work at the close of their school career.

Painters and tailors are both busy with spring coats.

Musterole Quickly Relieves

Stiff Joints and Pains?

Keep a jar in the house. It is the premier remedy for Backache, Sore Joints or Muscles, Rheumatic Pains, etc.

MUSTEROLE is a clean white ointment made with oil of mustard. It penetrates to the seat of pain and drives away, but does not blister the tenderest skin.

It takes the place of the messy, old-fashioned mustard plaster.

MUSTEROLE is recommended for Bronchitis, Croup, Asthma, Pleurisy, Lumbago, Neuralgia, Sprains, Bruises, Stiff Neck, Headache and Colds of the Chest, (it prevents Pneumonia).

At your druggist's—in 25c and 50c jars and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

F. R. L. Secord, 18 W. 128th St., New York City, says: "Please send me for office use, a good size jar of Musterole as I find it most beneficial for applications on patients."

BY FRANK W. HOPKINS

Man of the Hour.

Critics who for months have sought an open door of opportunity into which they might dodge and deal a blow to the honesty of purpose, the competency and capability of the head of the national administration, are grasping wildly at the Mexican and Panama straws. The generalities in which they deal in their attempt to discredit President Wilson and his counsellors proves the emptiness of their hope.

Very probably never, with the possible exception of the time of Lincoln, has there been such a successive series of delicate situations with which the head of this nation has had to deal, as those which have confronted Woodrow Wilson. Never since the Civil war have there been so many problems presented for solution, calling for sober thought and judicial wisdom, as those national and international matters which President Wilson has been called upon to adjudicate.

In a moment of crisis there lies the best hope of the trouble-maker, the despoiler, the avenger, the coward and the bromite. It is in times when great men ponder over great things that small minds seek to discredit and undo the things which have been honorably and rightly done.

Woodrow Wilson faced the grave duty of carrying out party pledges in the face of the cunning opposi-

tion of the interests which had for years held sway in the very heart of the United States government.

The first great question was the tariff revision. Party pledges were carried out. The tariff was reduced. The country is progressing.

The next great question has been the Mexican turmoil. This, the critics have sought to link with the toll question. In the canal toll question President Wilson has taken his stand in favor of the rights of the mass of the people of the United States as against the privilege-seeking few.

In the Mexican situation President Wilson has sought to protect American rights and property without the price of human blood, life and the expenditure of the nation's means in warfare.

While critics complain, the dignified chief executive of this nation goes mildly on in the pursuit of his duty as he sees it, and when he has finished unravelling the international tangle, there is every assurance that he will do as in the past—calmly present his handiwork to the people of the United States for their approval or disapproval.

The eyes of the world are turned upon him, as the man of the hour, and although his few critics would have it believed that his course is the object of high-minded criticism, civilization cannot but admire his earnest zeal in behalf of the people of the nation which has honored him with its confidence.

On Second Thought

It's bread that's stale and for which they have no further use that many people "cast upon the waters." Try a fresh loaf occasionally.

Senators Du Pont and Weeks have offered their services to the President in case of war. Dr. Knauss will also probably go to the front too, as he holds an O. N. G. commission.

Love and Law sometimes form a partnership. Read the Petosky story in another column.

Newark's clean-up day comes two weeks from tomorrow. Nobody will stop you if you start now.

Win Pogram has just been indicted at Scranton, Pa., for a murder that was committed twelve years ago. Recalls the old saying about "wheels of justice."

In the matter of properly fitting a boy to acquire an education college training is invaluable.

One reason baseball is an attractive profession is that a man may acquire eminence in it without having it said of him that his wife "made" him.

New York Stocks.
(Associated Press Telegram)
New York, April 21.—There was a better demand for stocks in the early trading today and the market betrayed none of the weakness of the preceding session. With no essential change in the Mexican situation over night the bears were able to make little headway by using this factor and their efforts were more than offset by the increase buying induced by the low levels established yesterday. Stocks of corporations with large investments in Mexico were heavy. Southern Pacific and Mexican petroleum falling to low levels for the movement. Oil shares were again weak, but otherwise the movement was upwards. In the first half hour the Standard Shares were placed on a substantially higher level, with numerous gains of 1 to 1 1/2 points.

Cleveland Provisions.
(Associated Press Telegram)
Cleveland, April 21.—Butter—creamery extras, 26 1/4 @ 27; prints 27 1/4 @ 28; firsts 28 1/4 @ 29; second 29 1/4 @ 30; process extras 22 1/4 @ 23; firsts 22 1/4 @ 23; fancy dairy 23 @ 24; packing stock, No. 1, 13 @ 14; No. 2, 12 @ 13.
Potatoes—best grades, in car lots, 75 @ 77; jobbing price 80 @ 85.
All others unchanged.

Butter and Cheese Market.
(Corrected by The Licking Creamery Co.)
Butter and Cheese prices for the week of April 20: creamery butter, wholesale, tub 25 cents; prints 26 cents; creamery butter, retail 31 cents; Ohio standard cheese, wholesale 15 cents; Elgin 23 1/2 cents.

Chicago Grain and Provisions.
(Associated Press Telegram)
Chicago, April 21.—Wheat developed strength today helped by a big decrease in the invisible supply and by lack of rain in the west and southwest parts of the domestic winter crop belt. There were advances of much delay to Port arrivals from the interior of Russia. Pit offerings here were from liberal. Prices, which at the opening varied from 1 1/4 off to 1 1/4 @ 3/4 up, made a subsequent material advance all around.
Improved demand from feeders gave corn an upward turn. Besides, the bears were cautious about attempting to press the selling side after an almost continuous decline of six cents. Opening prices were 1 1/4 to 3/4 higher, and there was a subsequent additional gain.
Oats hardened with other cereals. Buying though scattered, reached a fair volume.
Provisions sagged owing to weakness in the hog market. First sales varied from 7 1/2 to the advance, but afterwards prices suffered a general fall.

Cincinnati Live Stock.
(Associated Press Telegram)
Cincinnati, April 21.—Hogs—receipts 1,000; strong; packers and butchers 8.65 @ 8.80; common to choice 5.50 @ 8.70; stags 4.50 @ 6.75.
Cattle—receipts 1,000; steady; calves steady.
Sheep—receipts 4,000; steady; lambs steady.

Cleveland Live Stock.
(Associated Press Telegram)
Cleveland, April 21.—Cattle—receipts 100; market steady.
Calves—receipts 150; market slow; good to choice veal calves 2.00; fair to good choice 9.00 @ 9.50.
Sheep—receipts 120; market slow.

BENEFIT FOR W. H. REYNOLDS IS A SUCCESS

Cantata of "Esther," Rendered Monday Evening at Second Presbyterian Church.

In spite of the bloodthirsty character of Esther, as her story is detailed in the Bible, and the unenviable qualities of every one of the persons mentioned in the story prominently, except the modest, womanly Queen Vashti, the story has always had an intense dramatic interest, and tends to inspire only one human characteristic worthy of emulation, and that is patriotism.

It easily lends itself to dramatization, and characterization in musical composition, which facts, many years ago led to the writing of a cantata called by the name. It has been frequently given in costume in various cities of the world.

For the past several weeks Miss Florence M. King has been working to produce the work at the Second Presbyterian church, without costume, and did so Monday evening with twelve well-known Newark vocalists, the entertainment being in the nature of a benefit for Mr. Will H. Reynolds, a favorite singer and cornetist of this city who is in bad health and now under treatment.

The proceeds will amount to something over \$100, and the big audience was highly pleased with the evening's entertainment.

Those who took part were Mrs. Wrdsworth Gard, Mrs. Charles W. Miller and Mrs. Chandler Tucker, sopranos; Mrs. H. F. Moninger, Mrs. Jerome Ferguson, and Miss Duretta Stevens, contraltos; Joseph W. Horn, Dr. J. Rollin Cook, and Irvine B. Warthen, tenors; W. J. Livingston, J. Howard Jones and Bertram O. Horton, baritone.

Each of these singers was in splendid voice and did the solo work assigned by Miss King's arrangement, in a manner highly creditable to the audience.

The chorus numbers were given with the very best effect, bringing out the beauty and grandeur of the ensemble passages with precision and forceful vocalization.

OLD MEMBERS WANT TO SERVE IN COMPANY G

Fifteen old members of Company G, O. N. G., several of whom were with the company during the Spanish war, applied for enlistment Tuesday night, when the company met for regular drill in the armory in East Main street. Thirty-seven members took part in the drill.

Capt. Priest accepted the fifteen men with the provision that they might serve in event of a call to arms, but excusing them if the company is not called.

The armory was a scene of activity Tuesday night. All camp and service equipment was packed and put in readiness for movement on short notice. Captain Priest ordered new uniforms, which are expected within a few days. The new uniforms are of light weight quality, suitable for wear should the company be ordered south.

Sergeant P. E. Roe, who was a member during the Spanish war, was placed in charge as quartermaster.

OLD RAILROADER LEAVES NEWARK FOR BETTER RUN

Charles R. Myers, who for 26 years has been in the service of the B. and O. in Newark, lately being an extra passenger conductor, will leave the end of the week for Cleveland, O., 21 miles from Cincinnati, to make his future home. Mr. Myers will have a regular run on the B. and O. S.W., making only one round trip from Cleveland to Cincinnati for a day's work. It is considered one of the "snaps" runs of that division.

Newlywed Mr. Myers' wife is already threatening to go home to her mother. "Wizawac" will, she might do worse. She might bring her mother home to you."

Funeral of Mrs. Miller.
The funeral of Mrs. Mary Miller, who died suddenly at her home in East Park Place on Sunday morning, was held on Tuesday morning at 9 o'clock at St. Francis de Sales church. Burial was made in Mt. Calvary cemetery.

Miss Ola Walker.
Miss Ola Walker, residing at the home of her parents, Mr. and Mrs. Samuel Walker, seven miles east of this city, died Monday morning, dissolution being due to pleurisy.

The funeral will be held Wednesday morning at 10 o'clock at the home of Rev. Mr. Lamb officiating and burial will be made in the Mt. Carmel cemetery.

Justice Scott's Court.
Peter Soltenz was arrested by Constable Moore, Monday on affidavit of Mary Peter, on a statutory charge, and was arraigned before Magistrate Scott late in the afternoon. Soltenz gave \$200 bond for his appearance for trial next Saturday.

Common Pleas Court.
In the case of James H. Kirkpatrick vs. Fred S. Sperry, et al., a suit brought for the partition of real estate in this county, an order of partition was entered, and the court appointed the following as commissioners to make partition: Harry E. Harris, Wm. A. Hervey and Charles W. Jewell.

B. G. Smythe vs. Robert A. White et al., case passed for trial on May 28.

In the case of Miller vs. Warrington, et al., an account has been filed by Charles O. Eagle, as trustee, who holds the fund for the life tenant.

Clara Henthorne vs. Frank Graeff, judgment for plaintiff for \$25 and costs.

Wason Price vs. J. H. Hawley, leave given to plead in ten days.

GREAT GAIN IS MADE BY ASSESSOR

The first Newark tax assessor to report was J. B. Irish, West Newark contractor, who made his return to District Assessor Anderson, Tuesday, showing a gain of \$5,625 in personal property in the fourth ward, and an increase of just two per cent less than double that reported in intangible property last year.

The total personal returns for 1914 are \$217,825 as against \$162,200 last year, or an increase of 32.7 percent. Intangible property last year reached \$65,955. This year it is \$128,705, or an increase of 95 percent.

The Hazzard lot will give an Art Exhibit this week, April 22-23, for the purpose of buying pictures for the building of the company consists of two hundred large copies of the masterpieces of ancient and modern. They are worth many times the small admission price of ten cents and afford a opportunity no one can afford to miss. Victoria Concert card, on Thursday evening there will be a candy sale and on Friday afternoon and evening the pupils of the ice cream and cake. Every visitor should visit the exhibition, as it will be fully repaid for the trouble and expense in the purchase and profit they will gain for themselves, besides helping in the education of the school children.

When the time comes a drink, does he necessary, but himself to a high baw?

Good driving mare. Sired by Sunland Clay Phone 1917. 4-2183t.

Five fine Jersey cows. Call Bell phone 270X2, Farm line 65. 4-2031t.

2 horses 4 years old, weight 1200 lbs. each. Also fresh Jersey cow. Inquire G. H. Osburn, E. D. L. Phone 268. 4-2043t.

Two cheap work horses for sale. Joe Annarino, 21 South 4th St. 4-1842t.

No, Maude, dear; pugilists don't always get their early training in a box factory.

Jerome Simpson Found Dead Early Today Under An Overturned Wagon

Caught under sacks filled with ground feed, when his wagon overturned down an embankment one mile east of Hanover, Monday night, Jerome Simpson, aged 38, probably suffocated. His body was found Tuesday morning by Homer Priest.

Priest was starting out to feed his stock at 5 o'clock Tuesday morning when he saw the Simpson team standing by the roadside hitched to the overturned wagon. As he approached he saw a hand of the dead man projecting from under the enormous weight of the feed sacks.

Neighbors were hurriedly summoned and after considerable work the wagon and sacks were moved sufficiently to permit the release of Mr. Simpson's body. The county coroner was notified and the body was ordered taken to the home, two miles east of Hanover on the Newark-Zanesville road.

Mr. Simpson had been in Newark purchasing the wagon load of milling. He started for home late in the evening, and persons in Hanover saw him driving through the village about 8 o'clock. It is presumed the accident occurred between 8 and 9 o'clock, and it is regarded as remarkable that it was not discovered before morning, as the highway is frequently traveled.

Heavy clouds caused Monday night to be very dark. The road at the point where the accident occurred had been graded for piking, but could not be completed last fall on account of weather conditions. It is the general opinion that in the dark Mr. Simpson believed he was in the roadway. The wagon grazed the edge

of the four-foot embankment, the dirt gave way, and the heavy vehicle turned completely over before the driver could extricate himself.

It is possible that the heavy weight of the wagon and grain caused injuries which brought unconsciousness almost instantly. Persons who were first to reach the scene declare it would have been impossible for the man to extricate himself from his position without assistance. The horses remained standing, all night, hitched to the wagon.

Mr. Simpson had been a resident of the neighborhood east of Hanover for many years, and was well known over the county. He is survived by the widow, nine daughters and two sons, the latter James and Carl Simpson, living in Newark.

Funeral arrangements will be made by the family later.

Human Procession

In the school kept by Mother Nature there have been few more apt and studious pupils than John Muir, geologist, explorer and naturalist, who was born in Dunbar, Scotland, seventy-six years ago today. Spartan simplicity marked the early training of John Muir, whose youth was spent on a backwoods farm in Wisconsin, where his father, a Scotch covenanter, had emigrated. The life was hard and the hours of labor long, but the youth thrived in body and mind and

ECONOMICAL

The next time you need soap for laundry and general household purposes, buy a cake of Easy Task. It is a pure white soap, scientifically made with a view to taking out the dirt without injury to the most delicate fabrics. It makes cleaning and washing easy and is perfectly sanitary. If you once use Easy Task Soap you will want no other. It will not inflame or roughen the hands and is an ideal cleanser.

EASY TASK SOAP

is one of the best soaps on the market for laundry and household purposes. It costs the same as the cheap yellow laundry soaps and is the most economical in the end.

Always Ask for Easy Task!

found time, in the early morning hours, to read the Bible, Burns, Milton, Shakespeare and the few other volumes in the family library. Later he attended the University of Wisconsin, where his natural passion for botany, geology and natural history was fostered and developed. He was still in his teens when he set out on his first long expedition, tramping over a thousand miles from Wisconsin to Florida. From there he went to Cuba, and thence sailed to California. Arriving at San Francisco, he wasted no time in the city, but immediately struck out on "shanks mare" for the mountains. He wandered through the San Joaquin and Yosemite valleys, then almost uninhabited, and over the mountains, going where no white man had ever set foot, and discovering in the Sierras many glaciers previously unknown. Later he turned his attention to the deserts of Arizona and the frozen wastes of Alaska, and in the latter country discovered America's largest glacier, which has been named in his honor. In Arizona he discovered petrified forests and many other wonders of nature. He guided Col. Roosevelt through the Yosemite and the Sierras, and he has received honorary degrees from Harvard, the University of Wisconsin, and other institutions. Great universities made him flattering offers to join their faculties, but the old explorer always refused to be divorced from his first love.

"There are too many men teaching things they got out of books," Murr once said, "and not enough original investigators to write new books."

"People talk about creation," the venerable naturalist remarked on another occasion, "as something remote and completed, as if it were attended to a long time ago and finished at the time. But creation was not an act, it is a process, and it is going on today as much as it ever was."

One of the great benefactors of humanity, Prof. Adolf Lorenz, the Austrian surgeon who fathered the system of "bloodless" operations, was born in Silesia sixty years ago today. He received his medical education at Vienna University, graduating in 1880. It was in 1895 that he came into international prominence by his successes with a manipulating process since called "bloodless surgery," a scientific system of bone-setting for the reduction of dislocations of the hip-joint. It was in consequence of carboic intoxication that he turned to the field of orthopedic surgery. His successes in this work proved to the surgical profession that it was possible to substitute harmless manipulations under chloroform for many mutilating operations. By these rapid and bloodless methods he effected the cure of hip deformities and all form of club foot, without bone resections. He also taught the cure of congenital dislocation of the hip joints by reducing the dislocated head of the femur without opening the joint or deepening the socket. About ten years ago Dr. Lorenz visited America and effected many remarkable cures. Dr. Lorenz's contributions to medical literature include several important volumes explaining his methods of orthopedic surgery, and these have been translated into nearly all of the leading modern languages.

MORTGAGES

On Homes and Farms Are The Securities of The Buckeye State Building and Loan Company.

1. We have mortgages amounting to \$7,000,000.
2. On homes and farms in Central Ohio worth over \$30,000,000.
3. In addition we have a large reserve fund as an additional protection to depositors.
4. Rankin Building, 22 West Gay Street, Columbus, Ohio. Assets \$7,200,000. Five per cent. paid on time deposits.

Clears Complexion—Removes Skin Blemishes.
Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, itch, tetter, salt rheum, Just ask your Druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back 50c. Recommended by Frank D. Hall.

The annual production of wool in the district of Smyrna is estimated at 2,500,000 pounds, of which about 1,100,000 pounds come to the Smyrna market.

29 S. PARK

CORNELL

29 S. PARK

More Features that help make this new HOOSIER the greatest labor-saving machine you could put in- to your kitchen.

We have described already—

1. The Housekeeper's Food Guide.
2. The Cook-Book Holder.
3. The Metal 50-lb. Flour Bin.
4. The Wonderful Shaker Sifter.
5. The Metal Linen Drawer.
6. The "Emergency" Shelf.
7. The New Bill File.
8. The Handy Money Tray.
9. Eight Crystal Glass Spice Jars.
10. The New Condiment Cupboard.
11. The Sanitary Table Top.
12. The Convenient Pan Pocket.

Now notice these:—

Every feature listed and described has been thoroughly tested and proved practical in the Hoosier Experimental Room.

(13) At the top and on the right-hand side of the Hoosier is a handy package cupboard that holds forty or more packages, such as cereals, gelatin, baked beans, canned soup and other miscellaneous articles needed in preparing meals. This shelf is within easy reach.

(14) Just below the package pantry is the dish cupboard, holding 70 or more dishes. It is easy to keep the necessary dishes for your regular meals here, thus saving time and steps and adding much to the scientific system of your housekeeping.

(15) The Patented Clock for want-list is praised daily by the hundreds of thousands of women who own Hoosiers. It has the names of all articles you ordinarily order for the household, arranged in circles with clock-hand indicators which can be set to point out the several needs. It is quickly manipulated and a great convenience.

If you will come into our Store and sit in front of a Hoosier you will appreciate these features to the fullest extent. Word descriptions cannot do them justice.

(16) The sanitary metal table top slides out 16 inches from the base, forming the handiest and most satisfactory base to work on known to any kitchen. Nothing sticks to its surface. It is cleaned with perfect ease.

40 Special Features 17 Entirely New

You should settle this matter now one way or the other. Why risk losing the chance to SEE these features themselves? Come down tomorrow, and look over each cabinet carefully and decide which contains the most features you need. Looking doesn't obligate you at all and it surely will help you to determine this matter fairly to yourself.

Here Are Three Questions You Must Consider Now:

1. Should I be glad to have the NEW HOOSIER in my home—knowing that I now take miles of unnecessary steps?
2. Shall I order now while a single dollar puts it in my kitchen?
3. Shall I wait—knowing that delay will surely lose me the opportunity to benefit by the liberal terms of the HOOSIER PLAN?

All the Best Kitchen Devices known to the 700,000 women who now own Hoosier Cabinets are combined in the new Hoosier. It is the most scientifically convenient cabinet ever built.

SEE IT IN OUR WINDOW Notice how you sit down in front of the table for work. NOTICE MRS. FREDERICK'S FOOD GUIDE—now part of the Hoosier equipment. Come and see how it answers the daily problem, "What shall we have for dinner?" This alone in a year's time is worth almost the price of the cabinet.

THE NEW SHAKER FLOUR SIFTER is another great Hoosier achievement. It cannot wear out. It cannot grind grit or dirt through. See it work. With forty such conveniences combined in the Hoosier you see why it saves you the eternal drudgery of kitchen walking that saps health and good looks.

Every woman who has seen this Hoosier has expressed surprise at the low price for this truly wonderful cabinet.

Here is the easy Hoosier Plan in detail:

1. \$1 puts the Hoosier you select in your house.
2. \$1 weekly quickly pays for it.

3. The Low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is under direct supervision of the Hoosier Company.
6. Your money back if you are not delighted with your Hoosier.

AS WE STATED YESTERDAY the unusual terms of the Hoosier Plan must be limited to the present small allotment of cabinets. After that our regular terms must prevail.

TONIGHT SCORES OF WOMEN ARE ON THE VERGE OF DECIDING TO BUY HOOSIERS NOW. Nearly all of them are reading this ad. Some will delay too long. Others will come tomorrow and decide. If enough come tomorrow, the sale will close. And your opportunity will be ended, unless you are one of those who come.

There can be no good reason for postponing decision. In five minutes you can make up your mind whether to buy now or later.

This is not merely a question of investing one small dollar for a few weeks. It is a question of your health and freedom from kitchen work. The only safe way to decide is to examine the cabinet in our store thoroughly tomorrow.

The Home Beauty Parlor

by Betty Dean

Mrs. A. T. B. You are not shampooing often enough and are not using the best shampoo. Try my favorite, which is earthy, just dissolve a teaspoonful in a cup of hot water and rub liberally as you pour it on the hair and scalp. This makes the hair soft and rich, cleansing better than a soap and tender, itchy scalp. Rubbing leaves the scalp immediately clean, and each strand of hair will be soft, shiny and full of health. Careless shampooing is splendid for correcting unsightly conditions such as dandruff, itching, dryness or profuse dandruff. It has its drying qualities, too.

Mrs. G. The symptoms of a cold, sore throat and aches in the head and back, loss of appetite, loss of strength and ambition, are all signs of a cold. It will grow in long, narrow, winding, and easily made at home. I just dissolve 1 ounce of my spray in a cup of hot water, then rub it on the throat, chest, and back. I apply this lotion sparingly and rub it in for a moment until it dries and seems to become a part of the skin, to which it gives a velvety smoothness and refined color that is delightful.

Mrs. H. The wrinkles of which you speak will soon vanish if you apply my cream liberally and massage the long way of the eyes. This simple treatment tends to vivify the dormant tissues, giving the creases of lines to fill out. To prepare the cream, take 1 ounce of my cream, which you can get at your drug store in 1/2 pint water and add 1 teaspoonful of glycerine and 1/2 ounce of my cream. As the cream is so light, it will not become a part of the skin, to which it gives a velvety smoothness and refined color that is delightful.

Mrs. I. Yes, you can cure your weak, watery eyes with a soothing, healing, strengthening tonic when made at little cost by dissolving an ounce of crystals in 1 pint of water. If you will put a drop in each eye daily, it will relieve the inflammation and soreness and reduce swelling. This crystals tonic is especially fine for making the eyes sparkle and give them expression.

Society Girl. Here is that weight-reducing treatment which she told you would work without danger or inconvenience. Put 4 ounces of paraffin

in a jar and melt it in a water bath. Can you imagine anything that will give you more genuine pleasure and solid comfort than this fine mor-

CIRCUS MEN DISCUSSED BY COL. HAGERMAN

Col. Chas Hagerman, head of the detective department of the Hagenbeck-Wallace Circus, which comes to Newark Thursday, April 23, for performances at 2 and 8 p. m., is one of the best known circus officers in the world. His coolness of nerve and quickness of hand and eye have been the talk of police officers the world over. It is the duty of Col. Hagerman and his assistants to see that no persons of bad repute be allowed to operate in a city where the show is to exhibit.

"The personality of circus men has changed materially for the better in recent years," said Col. Hagerman recently in an interview. "Time was when they invariably wore high silk hats and clothes of many checks and hues. To be without a 'fist' of 'rocks' or well decorated shirt or necktie was a standing reproach to the profession. Nowadays the circus man wears little jewelry, and in his attire and speech he differs not from the ordinary person. He surrounds himself with associates of good character and business integrity, and cherishes highly his good standing in the community."

"A generation ago it was the custom to think that circus followers were a bad lot of men. Of course in a small city there are a few bad fellows. There are more than 1,000 employees of the Hagenbeck-Wallace Circus. It is a little tended city in itself. Now it is but natural to follow that there are a few fellows who are not as good as they should be. As quickly as we discover a dishonest man in our ranks, we eliminate him; and, at the same time we cultivate the honest, conscientious workman."

"A great many people have an idea that circuses make an enormous profit. Nothing is more erroneous. Our circus is valued at \$4,000,000 and if in the fall our books show that we have earned a 10 per cent profit, we are very well pleased. The wear and tear is hard; and the death of a single animal will eat up the profits of days."

Soda Relieves Indigestion or Acid Stomach

Few stomach sufferers know that indigestion, Sourness and Gases are not caused by a lack of digestive juices, but result always from acidity meaning there is an excess of hydrochloric acid in the stomach, which retards digestion and promotes food fermentation. Everything eaten sour in the stomach like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we get a heavy, lumpy feeling in the chest, we belch gas and eructate food or have heartburn water-brash, bloating and nausea.

A well-known authority states that 10 grain Sodagen tablet taken anytime, followed by a tumbler of water instantly neutralizes these stomach acids; stops fermentation, absorbs the gases and sweetens the entire digestive tract. He says any pharmacist can supply a package of 10 grain Sodagen tablets as they are constantly prescribed for stomach acidity because of their harmlessness to the digestive organs, being composed of Soda, Calcium Carbonate and Magnesia U. S. P.

Check Your April Cough

Thawing frost and April rain chill you to the very marrow, you catch cold—Head and lungs suffer. You are feverish—Cough continually and feel miserable—You need Dr. King's New Discovery. It soothes inflamed and irritated throat and lungs, stops cough, your heat clears up, fever leaves, and you feel fine. Mr. J. T. Davis, of Stickney Corner, Me., "Was cured of a dread full cough after doctor's treatment and all other remedies failed. Relief or money back. Pleasant—Children like it. Get a bottle today 50c and \$1.00. Recommended by:

AN HONEST BOY.

In a country school a large class was standing to spell. I put a very hard word to the first pupil at the head, and he missed it. I passed it to the next, and the next, and so on through the whole class, till it came to the last one—the smallest of the class—and he spelled it right—at least I understood him so—and he went to the head, above seventeen boys and girls all older than himself. I then turned around and wrote the word on the blackboard, so that they might see how it was spelled, and learn it better. But no sooner had I written it than the little boy at the head cried out, "Oh, I didn't say it so. Miss W.: I said 'e' instead of 'i'." And he went back to the foot of his own accord, quicker than he had gone to the head. He was too honest to take any credit that did not belong to him.—Family Treasury.

Undesired Compliment.

"You are very generous, little woman," said the husband. "To what do you refer?" "To your husband," said the wife. "To what do you refer?" "To your husband," said the wife. "To what do you refer?" "To your husband," said the wife.

LETTER COMES FROM RUFUS PUTNAM.

Mr. Rufus Putnam who formerly lived in Newark writes to the Advocate from Oakland, California, saying that everything out that way is booming. Good preparations are being made for 1915 and the cities around the bay will have on their best bid and tacker for the great Panama Exposition. Mr. Putnam writes further:

"While perusing the columns of the Advocate last winter I would compare your weather reports with ours. What a vast difference. Here we have sunshine and weather as warm as an Ohio June day. I did not wear my overcoat all winter. I am pleased to note that my old neighbors on West Locust street have started to beautify Newark and hope that the movement will spread o every street in the city."

CHIEF JOHNSON OF CINCINNATI JOINS FEDERALS

Cincinnati, April 21.—George "Chief" Johnson, the big Winnebago Indian pitcher of the Cincinnati team, last night signed a contract with the Kansas City Federal league team and left for St. Louis to join it. What salary was promised Johnson was unknown. Johnson was accompanied by President C. C. Madison of the Kansas City club. The action of Johnson was prompted by a dispute with Manager Herzog who fined the pitcher \$100 last Friday for not reporting in condition. Johnson telegraphed to Madison, who came on at once and had a long talk with him yesterday. Madison also endeavored to secure Armando Marsans, the Cuban outfielder, offering him \$21,000 for three years, \$7,000 of it to be paid in cash at once, but Marsans refused. It was also reported that Madison tried to secure Pitcher Benton, but was unsuccessful.

The jump of Johnson to the Federal league will give a new turn to the legal battle between that league and organized baseball. President Herrmann of the local club, who is also chairman of the national commission, said last night that he would seek an injunction today to prevent Johnson from playing with the Kansas City club. Johnson signed up this year under the revised 1914 contract which has not yet been tested in court. This contract is what organized baseball relies upon to uphold the reserve clause. No matter what the outcome of his legal proceedings, President Herrmann said that Johnson can never play with the Cincinnati team again.

\$25.00 VIOLIN AT FRANCIS & SON, PRIZE IN CONTEST

This fine \$25.00 violin, purchased of the R. I. Francis & Son Music Co., is a prize in the Advocate's Booklovers' Contest that is surely a popular one and well worth striving for. It is a Stradivarius model—one of the most made. It is remarkable how wonderful these violins are

in appearance and tone—and unless roughly used the tone improves as does the beautiful coloring of the genuine maple back. Messrs. Francis & Son carry an elegant line of sheet music and all the latest things to be had are to be found there.

This violin can be seen on display in the window of the Francis store at 18 West Church street, and you can go in and examine it thoroughly at any time. Such a prize as this is surely an incentive to join in the Advocate's big Booklovers' Contest. It's not too late to join now.

North Newark

Sunday, in spite of the fact that it rained hard at the time of the forenoon services, a goodly number attended Sunday school and church services at North Newark Christian Union. The Christian Union Juniors met at 2 p. m. and in the absence of the teacher, Miss Woodard, who was kept at home on account of the illness of her mother, Mrs. W. H. Baker became temporary leader, and a large number of Juniors enjoyed a splendid service. At 6 p. m. George Devereaux conducted a splendid Y. P. C. U. meeting in the basement using as his subject "Conservation of Time." At 7:30 p. m. the pastor gave the seventh talk on the fifteenth chapter of Luke. There were present Rev. H. S. McKelvey of Coshocton, and Rev. J. S. Coffman of Newark, who each gave a very interesting talk, both of which were much appreciated by the people. Mrs. Woodard of East Stevens street, is quite indisposed, being threatened with pneumonia. D. J. Bihler has moved into the new house erected by Mr. William O'Brien, west end of Oak street, until he can erect a dwelling for himself on one of his lots on Maple avenue. Mrs. George Devereaux, 346 Elmwood avenue, is suffering severely from muscular strain from moving and climbing steep stairs. She does not seem to recover rapidly, but is still bedfast and still suffering. William Burge 2, Cottage street, has been laid up with sciatic rheumatism for nearly a week. The pain is so excruciating at times that he feels he can hardly live; but he is improving

and it is hoped he will soon be able to resume work.

Owing to the acute affliction of William Burge, who is janitor of the North Newark Christian Union chapel, the pastor "took the keys" Sunday and though not an excellent janitor, managed to "tide over" until Mr. Burge gets so he can "handle the poker" again.

Mrs. Pearl Penick was brought from the Newark Sanitarium Saturday, to the home of her father, Wm. Berry, Channel street. She is improving nicely from the effects of a surgical operation, and has every reason to believe she will regain her health. Mrs. James Pine, Maple avenue, has for four weeks been a great sufferer from acute neuralgia, but is improving now slowly and has hope of an entire cessation of the pain as the result of warmer weather.

Ambition Salts

Gives You a Clear Head and a Good Appetite in the Morning.

You need these to start with. You can't do business right if you start the day wrong. AMBITION SALTS is the great rectifier of mistakes of eating or drinking the night before. If you dine "not wisely but too well" take AMBITION SALTS before going to bed. You will wake up in the morning with your head clear, your stomach feeling fine, your eyes bright with the sparkle of health and energy. You will enjoy your work and do it well.

AMBITION SALTS is pleasant to take, acts quickly, no pain or discomfort.

A large bottle at T. J. Evans' drug store for only fifty cents and it is guaranteed to be the finest sort of remedy at all times for indigestion, headache, biliousness, constipation, acid stomach, sluggish liver, kidney troubles and malaria. It drives uric acid from the system, makes the blood pure—and pure blood means health.

Your money back on the first bottle purchased from T. J. Evans' drug store, if you are not satisfied. Mail orders filled, charges prepaid, by The Wendell Pharmaceutical Company, Inc., Syracuse, N. Y., manufacturers.

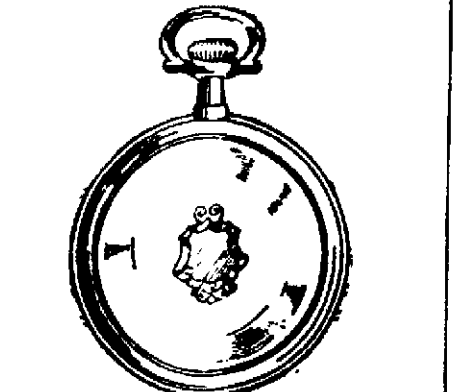

\$100 REWARD, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and the patient's strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

\$15 GOLD WATCH AT MACKENZIE'S CONTEST PRIZE

Here's a prize in the Advocate's Booklovers' Contest that appeals to every one—its a splendid \$15.00 Gold Watch purchased at the Jewelry store of H. W. Mackenzie at 51 North Third street.

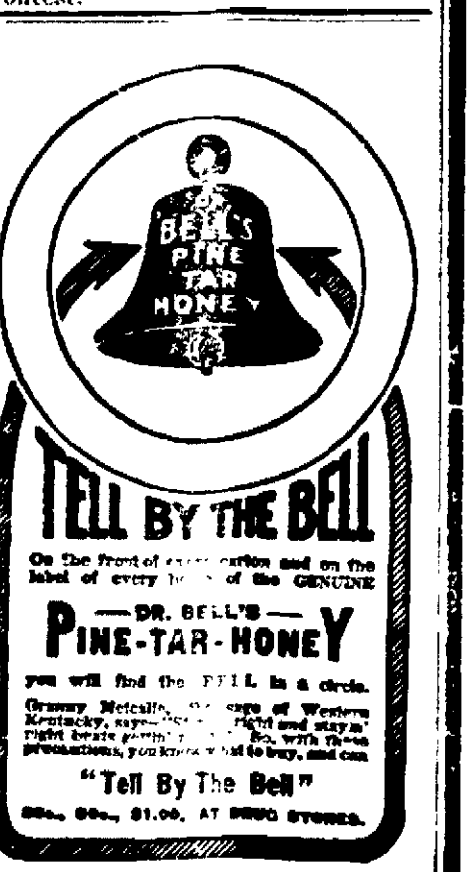

A most delightful feature of this prize is that either a lady or gentleman's watch will be given—whichever wins this prize.

The lady's watch will be a Hampton while the gentleman's will be

an Elgin. Both will have fine engraved Hunting Cases and will be strictly guaranteed by Mr. Mackenzie.

Mr. Mackenzie has a complete stock of modern up-to-date jewelry and silver and gold ware. Stop and see these watches on display. They are beauties and well worth making an effort to win in the big Booklovers' Contest.

For Sale by W. A. Ruman.

Saves the Cost of a

Remington Typewriter

Several Times Over

Does that heading interest you? Then read what follows.

The Model 10 Visible Remington has a mechanism found only on Remington-made machines—the *Column Selector*.

The Column Selector eliminates all hand adjustments of the carriage except line spacing.

In ordinary letter writing the Column Selector saves 15 to 20 per cent. in time and labor.

Figured on the value of your time, or your operator's time, that means a new saving which, in a few months, will amount to more than the total cost of the machine.

It comes down to this:—From the standpoint of your own pocketbook you cannot afford to use any typewriter which lacks this new time saving feature.

Call and See for Yourself

Seeing is believing. You are cordially invited to call at our office and ask to see a demonstration of the Remington Column Selector. We will be glad to show you just what the mechanism is and how it works. We will write a letter with it and the same letter without it. We will show you just how much time it saves and why. And your coming will put you under no obligation. We simply wish to show you, and every one who is interested in typewriters, the latest time and labor saving achievement in this field.

Let Our Dry Cleaning Service Assist You In the Preparation of Your Wardrobe for Spring

It may surprise you to learn of the many ways in which we can assist you in preparing and keeping your wardrobe in faultless condition. We know that you will be delighted with the economy that a season's consistent use of our service will prove possible. For by taking frequent advantage of our service, your garments are not only kept looking fresh, clean and like new in appearance and shape—but are made to keep their shape and wear longer than would be possible otherwise.

Our dry cleaning plant is equipped with the most modern appliances and there is no work which we cannot successfully execute. Our employees are each skilled and experienced in their particular part of the work, and we pride ourselves upon the care used and the attention given to every detail. As a result, no garment is too dainty or too elaborate for us to finish to your entire satisfaction.

The Licking Laundry Co.

Launderers, Dyers and Dry Cleaners.

The Spring Diet

Calls for a change from the requirements of cold weather,

The system is apt to be more or less clogged as a result of hearty eating for resisting cold. And so Nature has provided in the field grains wholesome nourishment to meet the changing weather conditions, and rebuild played-out nerves

Grape-Nuts

FOOD

—made of wheat and barley—serves a double purpose—

It not only furnishes true nourishment for body building, including the mineral phosphates especially required by nerves and brain, but being partially predigested, it relieves the digestive organs that are overworked and clogged by a heavy diet.

Every spring new thousands take on Grape-Nuts as part of their regular breakfast.

"There's a Reason"

—sold by Grocers everywhere.

Councilman Seward Roasts Republican Friends In An Effort to Hit a Democrat

Councilman W. C. Seward entertains "soft" opinions on certain matters. This was evident by his speech in council meeting Monday night when he supported a resolution instructing the service director to remove a bill board from the old gas plant opposite the B. & O. railroad station.

It is also apparent from his remarks, that he doesn't care a rattle for the health department which he attacked, indirectly, Mayor Bigbee, Service Director Christian, Safety Director Dayton, Councilman Payne and other members of the finance committee and directly charged Health Officer Knauss with dodging his duty.

The latter charge proved unfounded when certain statements were made regarding the question at issue.

Mr. Seward attacked the health department because it permitted what he deemed were unsanitary conditions around certain billboards over the city. He emphasized his remarks with blows upon his desk which bid fair to give some Newark cabinet-maker a job repairing the aforesaid desk. He wound up his statement with the declaration that if the officials now in charge of this

branch of the city's affairs couldn't handle it, "we'd better import a few who can."

Then came the startling revelation that the bill board which caused the rumpus was located on city ground, indeed a tract of land directly under the control of Service Director Christian and a brother Republican of Mr. Seward. It further developed that his attack on the health department included Mayor Bigbee as well as all the members of the health board. And it was also shown to Mr. Seward that the alleys which he said were in an unsanitary condition were under the direct supervision of the service director. It was also shown that any action of tenants adjoining these alleys, which tended to cause them to be unsanitary, was a direct violation of the city ordinances which are supposed to be enforced by the mayor and his police department which is under Safety Director Dayton, the latter a Republican.

So before the militant Republican councilman could be pacified he had roasted nearly every Republican official in his rabid attempt to lambast Dr. Knauss, a Democrat.

Not only did he attack these officials, but he certainly did wallop his own councilmanic body for the secret of the whole matter is that the service and health department is so short of funds financially that it is extremely difficult to do the usual work without taking on any extra burdens, such as removal of garbage from alleys, etc.

Health Officer Knauss was present and he listened with mixed emotions while Mr. Seward and Mr. Payne made their statements. Then he told the council of a few of the discouragements met by the health department in an effort to keep the city in some reasonable shape.

He declared that his department had but three men, including himself, to enforce all the regulations of the department and ordinances of the city pertaining to the public health.

He told of having one of these men on duty the better part of two days in an effort to catch persons guilty of dumping garbage and refuse where it is forbidden. A half hour after the officer was called from his location, two loads of rubbish and garbage were dumped on the lot and the violator of the law succeeded in evading arrest.

Another man in West Main street cleaned up his property upon instructions from the health department, and hauled the rubbish and refuse a half block to Canal street, where it was dumped into the old canal bed.

Dr. Knauss declared that a little moral support from the citizens, from the city officials, particularly the courts, would work wonders in the effect of the health department's orders. He admitted he hadn't "tried out" Mayor Bigbee's court event on one occasion when he secured a suspended fine of \$1 at the city hall in the case of a violation of health department regulations.

In the matter of cutting weeds, Dr. Knauss told council that the red tape necessary to assess the cost of cutting weeds, against the property of the offending owner, was so complicated that it was too costly.

The controversy was brought to a close when council voted to adopt the resolution providing for the removal of bill boards on city ground. Councilman Payne declared that if there were any other bill boards on city property, he would be glad to include them in future resolutions. Then matters took on a peaceful

WHAT THE "WEAR-EVER" TRADE-MARK SIGNIFIES

The demand for "Wear-Ever" ware is built on the trade-mark which clearly the "Wear-Ever" quality — but the best that can be manufactured; utensils stamped from hard sheet; an expert knowledge of the aluminum industry.

"Wear-Ever" utensils could be spun from soft metal but they would not be as rigid as they are when stamped from hard sheet metal.

"Wear-Ever" utensils could be made of a little thinner metal and put a thick bead on the edge to make them look just as thick as they are now but they would not give the years of service.

A satin finish used to be on the inside of "Wear-Ever" utensils which made them look pretty but it was found that a hard electric finish is necessary to prevent discoloration.

The rivets used to be counter-sunk, which made the vessel smooth on the inside but it was found that large headed rivets are necessary to prevent the handles pulling off.

Aluminum handles were used on our sauce pans but it was found that sheet steel reinforced makes a cooler handle.

Consumers have come to expect

this excellence of quality when they see the "Wear-Ever" trade mark. Merely show them the trade-mark on the bottom of the utensil and customers know they are high-grade cooking utensils. A complete line is shown by the Elliott Hardware company.

The Elliott Hardware company is showing one of the most beautiful and complete sets of their famous "Wear-Ever" Aluminum Ware which the Advocate has secured for one of its splendid prizes in the Booklovers' Contest. Every housewife in the land would be proud to possess this fine set. It consists of 2-qt. coffee pot, 1-qt. tea pot, 1-qt. lip sauce pan, 1 1/2-qt. lip sauce pan, 2-qt. lip sauce pan, two mountain cake pans, 9 1/4 in. bread pan 9 1/4 x 5 3/4 in. sheet teakettle No. 116, two deep 10-in. pie plates, flipped fry pan 10 1/2 in. drip pan 14 1/2 x 10 1/2 in. and 2-qt. stamper sauce pot. The "Wear-Ever" is the leader of all aluminum ware. The Elliott Hardware company carries a general line of hardware, including the Estate Gas Ranges and Green Seal Paint. The new spring lines are all in readiness, including a special fine line of refrigerators, lawn mowers, etc.

BRASS JARDINIERE, PEDESTAL, FERN, PRIZE AT ARCADE FLORIST'S

A prize that will beautify some home and certainly be appreciated by the lucky winner is the Advocate's Booklovers' Contest is the elegant \$1000 Brass Jardiniere and pedestal with lovely growing fern purchased from Charles A. Duerr, the Arcade Florist.

This outfit has been greatly admired by everyone passing through the Arcade for it is surely one of

the handsome and desirable prizes — an ornament to be sought for in any home.

The Arcade Florist's store in the Arcade is one of the prettiest spots in the city, always attractive and showing beautiful cut flowers and potted plants in all the seasonable varieties. The greenhouses are located in Granville.

Stop in and see this beautiful prize as you pass through the Arcade.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Colds, Sneezing and Nose Running Cease, Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. F. D. Hall, 10 North Side Square, Newark, O.

FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer
Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Kasota, Minn. — "I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do my work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do." — Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Your Savings

Hypnotist at the Auditorium Tonight

Before a goodly number of Newark physicians and well known people, Dr. Flint the noted mesmerist and hypnotist, will offer a few tests in suggestion. Rapid strides have been made in this science in the last five years, for which Dr. Flint has been responsible. He has the distinction of being the first and only practitioner of Hypnotism, that a United States court has accepted testimony from. The entertainment as offered, is of a very high quality, and should be seen by those who are particular.

Have you ever secured, from your library, a book dealing with this great science? Once you study it, you are bound to be very much interested.

On Wednesday Dr. Flint will have a subject in a local store window, it is not known what place will be used as yet, but just walk around the streets on that day and you will know by the crowd congregated. Hunt him, it may mean a free ticket for that night's performance.

EVANGELISTIC SERVICES

The services will begin tonight at 7:30 p. m. An hour song and prayer service will be conducted before preaching. If you want comfortable seats come early.

W. P. Meyers, pastor.

The Castles' Book on Dancing.

"Modern Dancing," by Mr. and Mrs. Vernon Castle, is published this week by the Harpers. The Castles, whose word as instructors and teachers of the recent new dances is the one recognized authority, have produced a book, practical and authoritative, for all who wish to learn to dance the latest dances. They describe minutely the steps, the hesitation waltz, the maxine, etc., indicate the proper dancing positions for men and women, and tell how to give a successful "the dance." Over one hundred illustrations from photographs and moving pictures show the varying positions of the feet. The book is brought out under the auspices of a number of New York social leaders.

Rev. Dr. D. T. Ellis, pastor of the Second Presbyterian church, will deliver an address in Zion M. E. church last night.

walking for a wage of \$6000 and
while enroute are not to beg, steal
or beat their way, but must earn
their living by honest labor. They
departed this morning for Coshoc-
ton, after spending the night at the
Travelers' hotel.

Injured Foot.
Noel Armstrong of the Newark
Steam Laundry, while bowling in Co-
lumbus with a team from Newark
on Sunday, had the misfortune to
crush his right foot with one of the
large balls.

Undergoes Operation.
Mrs. Frank Willey underwent a
serious operation for tumor of the
breast at the Sanitarium Tuesday
morning. Her condition is very sat-
isfactory at present. The operation
was performed by Drs. Dillon, Cos-
ner and Hunt.

Mexican Pictures.
The Hub clothing store is exhibit-
ing pictures from Mexico, showing
scenes taken along the border and in
Torreon, just before the big en-
gagement there between Villa's men
and the federals. The pictures are
interesting and have attracted much
attention.

Daughters of America Social.
Rev. A. B. Cox, pastor of the East
Main Street U. B. church will deliver
an address to the Daughters of
America on the occasion of their an-
nual session to be held Wednesday
night in the form of a bazaar. Ice
cream and cake will be served and a
candy booth will be a feature.
Friends of the order are invited.

X-Ray Examination.
Miss Anna Priest, daughter of Dr.
S. C. Priest, of North Fifth street,
was taken to the B. & O. station
Tuesday afternoon in Criss Bros.
motor ambulance, for the 1:40 train
to Columbus, where she will under-
go an x-ray examination in Grant
hospital. This course was deemed

advisable in order to aid surgeons
in determining the exact extent of in-
juries to her hip as a result of a fall
a week ago last Wednesday.

Harris Face in Explosion.
Mrs. P. M. Birmingham, who re-
sides in the Hemetta apartments,
met with a serious accident on Sun-
day. She went to open the oven
door when the gas exploded and she
was seriously burned about the face
and neck. Her condition today, how-
ever, is much improved.

Wink Pash has been dropped by

th' Personal Liberty Club for furn-

ishin' animal crackers ter a Dutch

lunch. Lots o' fellers buy a tourin'

car like they wuz pickin' out a wife.

They think it's th' upholsterin' that

counts.

HOW TO MAKE THE BEST OF A LITTLE LAND.

"Harper's Book for Young Gardeners," by Alpheus Hyatt Verrill, is one of the Harper publications for this week. This book has been prepared to show how much profit and pleasure may be obtained from simple gardens, and how to plan, arrange, and care for them properly. Mere theories and elaborate methods have been avoided—practicability being the purpose of the volume. It tells what soils are best adapted to certain plants and what returns may be expected from the land and means at command. Kitchen gardens, flower gardens, school gardens, experimental gardening, ornamental gardening are all explained, and the author shows what can be accomplished at a small outlay in a city back yard or vacant lot. When to plant, what to plant, the tools needed, are the things first considered, and a sample plan of a city garden 25x40 feet is given.

REMARKABLE SUCCESS AS AGRICULTURAL EXPERT.

The Columbus Dispatch of Sunday carried an interesting feature story complimentary to Charles William Burkett, of Thornville, just over the Licking line in Perry county, in which is recited some of this Ohioan's remarkable successes as an agricultural expert.

Burkett is a graduate of the agricultural school of Ohio State university, and has won recognition for his accomplishments in agricultural lines in several states, after having shown by practical application of his knowledge, on his father's home farm in Perry county, that the science of agriculture is a science indeed.

In casting your bread upon the waters, don't wait until it is so stale you have no further use for it.

GIRLS! BEAUTIFUL, CHARMING HAIR, NO DANDRUFF--25 CENT DANDERINE

Try this! Doubles beauty of hair in few moments, and stops it falling out—Grows Hair.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments

you have doubled the beauty of your hair. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Dike's Celery and Iron Tonic

When you feel all run down—not sick enough to call a doctor and not well enough to work—just get a bottle of Dikes Celery and Iron. It will strengthen you and make you feel like a new person.

Attend the Demonstration of Knit Goods This Week

Miss Wooldridge, an expert in knit and crochet garments, is with us this week, and will show a number of specialties made of GOLDEN PLECE YARNS. You will be surprised at the many practical things she has on display made from these yarns. She will be pleased to have you come in. There is no charge for the lessons, and we hope the ladies will avail themselves of this opportunity to learn all the new stitches in crochet work.

Send in Your Delineator Subscriptions at Once

If you have not already taken advantage of our special offer, do so at once. For a few days only we are offering this \$1.50 Magazine for only 60c a year. If you are not coming down street telephone us your subscription and you can pay for it when you come in.

Surely Your \$20.00 and \$25.00 Suits Are Beautiful

Is what we hear so many of our customers say. Not only are the styles so pretty, but the price is so reasonable. This week we are featuring a beautiful line of suits at—

—\$20.00 to \$25.00—

To fully appreciate these you must come in and see them yourself. So many pretty styles in dainty short jackets, with beautiful button trimmings and fancy collars. Skirts made in either peg top style or in tiers. Then the colors are so beautiful—wistaria, leather, lavender, poppy, tango, green, currant and navy. These suits are well tailored and silk lined.

Ask to see the suits ranging from \$20.00 to \$25.00

You'll Want a New Waist

With your new suit. The styles are so dainty and pretty this spring. In the lingerie waists, you will find embroidered batistes, embroidered voiles, hand embroidered wash chiffons, with trimmings of lace and medallions. Many of the new styles have a touch of velvet and colored buttons. In silk crepes or messalines you will find any color to match your suit. Made in low neck styles with dainty lace trills. Also sheer crepes made over nets, in low neck and short sleeve styles with trills at neck and sleeves. You will like our showing of waists at—each\$3.00

Boudoir Caps \$1.25 to \$2.00

So many pretty styles in dainty lace caps, made of embroidered chiffon, plain nets, shadow lace, with rose bud and ribbon trimmings. In looking through these, ask to see the caps made in Dutch style. You are sure to like them.

Camisole is The New Name

Of a pretty little garment brought into the list of the necessary, by the present vogue for sheer blouses. You will find so many pretty styles. Some made with yoke and short sleeves, with frill around the neck, others made plain with trimmings of shadow lace on batiste or silk mull. Others with panels of fine embroidery set together with lace. All finished with ribbon trimmings in either pink or blue.

Prices \$1.95 to \$3.00

Latest Arrivals in Royal Society Pieces

Many beautifully finished pieces are now on display in our art department. Embroidered crepe voile kimonos, in either the long or short, children's and infant's dresses, breakfast caps, hats, the new "Bully Boy" suits for the little boys. When you have seen these beautifully finished pieces, you will want to embroider one like them. You can get the stamped piece, with sufficient thread and complete instructions for working the design.

A visit to our Art Department will interest you.

A large variety of these pieces complete with floss in packages at—each 50c

Stamped Gowns 50c Each

Stamped on good quality bainsook with enough material to complete the gown. All short sleeves with either round or square neck. Many choice embroidered designs to select from.

All marked—each 50c

DANDY DARKIES TO CAPER AGAIN IN GRANVILLE

(Special to Advocate.)
Granville, April 21. Considerable interest is being displayed in Granville concerning the Dandy Darkie show, which is scheduled to make its annual appearance in the Opera House Wednesday evening. Extensive preparations are being made to accommodate the large audience which is always present when the D. D. comes to town.

Announcements have it that the show is bigger, grander, greater, and the stage settings are more elaborate than ever. The company this year has not many new faces from that of last year. Everywhere the company has played this season they have been greeted with large and enthusiastic audiences. Because so many of the cast have friends here, Mr. Albert Akers, the genial advance agent, has declared that special features will be added to please the Granville public.

As an unusual surprise to everyone it was proclaimed that the services of "Low Dockstader" Morrow, and "Honey Boy Evans" Schwesman had been secured at an exorbitant sum to appear here on Wednesday evening. It is very seldom that these two premier end men are seen outside of the eastern metropolis, and, as this pair of the world's most accomplished joke-smiths will retire after this season this will be absolutely the last time Granville people will have the opportunity to observe them in their favorite roles.

They will be accompanied with their regular quartet of subordinate end performers, namely, "Johnny" Masteller, "Teddy" Putnam, "Bud" Carrier, and last but not least the active little gentleman with the versatile name "Shorty" Long. Around this group of renowned entertainers the big show has been built up.

A large bundle of witticisms has been shipped in a strong box from the Delphic oracle and they will be heard for the first time on Wednesday. John Norman Darrow, alias "Nat Goodwin," will occupy the throne in the middle of the stage, and endeavor to keep order among the principals. As "Honey Boy" Schwesman and "Low Dockstader" Morrow are more or less inclined to permit the extreme sentimentality of their natures to interfere with their acting and if one oversteps the other in some supposedly humorous remark grave anxiety is elicited for the healthful condition of the two.

Promptly at 8 o'clock the curtain will raise and the long awaited performance will start.

NO MORE TROUBLESOME SUPERFLUOUS HAIRS

Nothing is quite so annoying to a woman as ugly fuzzy growths on the face, and while the electric needle brings relief, it is no more effective than a simple paste made with powdered delatone and water. This paste is spread on the objectionable hairs for 2 or 3 minutes and rubbed off. After this treatment the skin should be washed to free it from the remaining delatone and it will be soft, clear and hairless. Be sure, however, that you get the real delatone.

DIES FROM WOUNDS RECEIVED IN ENCOUNTER WITH A LARGE LION.

(Associated Press Telegram.)
Khartoum, Egypt, April 21.—The Rev. Ralph W. Tidrick of the American United Presbyterian mission in the Sudan died today of wounds received in an encounter with a large lion.

Mr. Tidrick who was stationed along the Sobat river was attacked seven days ago. He started down the Nile for Khartoum to undergo treatment. The trip occupied six days. He arrived here yesterday and died today.

STOMACH SUFFERERS! READ THIS.

So many stomach sufferers have been benefitted by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach, liver and intestinal troubles of years' standing that we want you surely to try this remedy. It is known as May's Wonderful Stomach Remedy. One dose will convince you. It usually gives wonderful relief within 24 hours—even in the most stubborn cases. May's Wonderful Stomach Remedy is now sold here by Hall's Drug Store.

FURTHER PROOF THAT HONEY LIVES

Having seen a copy of the Advocate denying the report of his death, Mr. Edgar T. Honey who engineered the campaign for Newark's new hospital, writes from Newark, N. J., saying:

"It was very interesting to know that I have been dead. My experiences in the other world however, have left no impressions upon my mind otherwise I should be pleased to put in writing my experiences beyond. Although I might possibly be able to make money in the recounting of my trip into the unknown, I am more than glad to be counted among the living. Should you hear of any campaign where there need a very much alive man I would appreciate your passing the word along."

FUNERAL OF E. M. DOWNEY.
Granville, April 21. Edward Mott Downey was laid to rest in Maple Grove cemetery Monday afternoon at three o'clock. Services were held at the home on Broadway beginning at 2:30. Dr. J. C. Baldwin a former pastor of the local Baptist church lead in prayer. Rev. M. Ward Broderford, present pastor of the church assumed control of the other services.

The average woman is eager to stand up for her rights and she finds herself in a crowded car.

EAST SIDE OF THE PUBLIC SQUARE

\$12 EMBROIDERED SMOKER'S CUSHION, A CONTEST PRIZE

This fine hand embroidered cushion purchased of the Carnal Sisters Millinery store in the Y. M. C. A. building is one of the extremely attractive prizes in the Advocate's big Booklovers' contest. This \$12.00 smokers' cushion is of brown burlap, beautifully embroidered in shades of brown, with a dash of red, a most effective design of pipe and cigar, with artistic pine combs, and the words, "Friends We Pine For," and the man who has a pipe or smokes cigars will surely rejoice in its possession, while it makes a most attractive ornament for any room.

The Carnal Sisters carry, beside their millinery, a beautiful line of embroidery work and supplies, neckwear, etc. This Booklovers' handsome prize is on display in their store.

MOORE FINED ON CHARGE ILLEGAL SALE OF LIQUOR

James Moore, arrested last week on a charge of selling liquor without license, was fined \$250 and costs by Mayor Blaine Monday afternoon and ordered committed to the county jail until the fine and costs are paid. Two other men, who were arrested with Moore, were dismissed. George Moore, charged with the same offense, was also dismissed.

An investigation of the Spanish dialects of Moore has been undertaken by Dr. Rudolf Wagner.

KING AND QUEEN WITH LARGE STAFF PAY STATE VISIT.

(Associated Press Telegram.)
London, April 21.—King George and Queen Mary of England, accompanied by a large staff including Sir Edward Grey the Foreign secretary and his private secretary, Sir William Tyrrell, left for Paris today to pay a state visit. Their Majesties crossed the English channel from Dover to Calais on board the royal yacht Alexandra, which was conveyed by British and French warships.

HEISEYS OPEN SEASON SUNDAY

The Heisey baseball team, which will represent Newark in the Capital City league, an organization composed of six Columbus teams, The Heiseys of this city and the White Sox of Lancaster, will open the season here Sunday in a game with the Columbus Westerns. A regular schedule has been adopted and some fast players have been signed to play with the various teams of the league.

PUBLIC NOTICE.

To all whom it may concern.—Notice is hereby given to all persons and tradesmen that I will not be responsible for any debts or accounts contracted by my wife, Jessie J. Swisher, hereafter, and that they shall not trust her on my account.

4-7-tues-3t JOHN H. SWISHER.

Spring Laxative and Blood Cleanser
Flush out the accumulated waste and poison of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-grating laxative. Cures constipation; makes you feel fine. Take no other. 25c. Recommended by Frank D. Hall.

ETHICAL DENTISTS TO HOLD MEETING HERE THURSDAY

There will be a meeting of the Ethical dentists of Licking and Knox counties Thursday, April 23, at 2:30 p. m. in the parlor of Hotel Warden for the purpose of organizing a component society of the Ohio State Dental society. The arrangement committee is making plans for a good meeting and you are requested to attend. After the organization the following program will follow:

E. W. Martindale—lantern exhibition of slides used in the state society educational work.

H. M. Seman—anaesthesia of sensitive dentine and artificial hyperaemia clinics.

E. E. Hall—removable bridge-work.

J. H. Kendall—painless devitalization.

Harry Capes—bridge-work, demonstrating Gostee teeth.

L. P. Bethel—some phases of Orthodontia.

E. C. Mills—restoration of broken down roots and lingual attachments for vital teeth.

WILL INVESTIGATE CAUSE OF EXPLOSION WHICH KILLED NINE.

(Associated Press Telegram.)
Macoun, Sask., April 2.—An investigation into the cause of the gas explosion which wrecked a local hotel killing nine persons who were in the dining room was begun by the authorities today.

So suddenly did the floor and walls of the dining room collapse and sink into the basement that few persons in the room escaped death or injury.

The United States has made more rapid progress in iron production than any other country.

EASY TO DARKEN YOUR GRAY HAIR

Try This! Mix Sage Tea and Sulphur and Brush It Through Your Hair, Taking One Strand at a Time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning, all gray hair disappears and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Agents, Hall's Drug Store.

FOUR MARINES KILLED IN CAPTURE OF VERA CRUZ BY AMERICANS TODAY

Final Action Will Be Taken Tonight Say Senate Leaders

TROOPS WANDERED ACROSS THE BORDER AND ARE REPORTED TO HAVE BEEN TAKEN AS PRISONERS

FIRST BLOOD HAS BEEN SHED IN THE MEXICAN CONFLICT

American Flag Flying Over Vera Cruz Tonight—Mexicans Put Up Stubborn Resistance and Open Fire With Rifles and Artillery, Twenty Marines Being Wounded in Addition to the Four Killed—Secretary Daniels Makes Public Dispatch From Admiral Fletcher.

Vera Cruz, April 21.—The Americans have captured Vera Cruz, but at the cost of the lives of several men and a much larger number of wounded.

The Mexicans, under command of General Gustav Maas, the commandant of Vera Cruz, put up a stubborn resistance. General Maas challenged the advance of the Americans almost from the first, and made it clear that the Mexicans do not propose to permit a peaceful passage of the American flag from the coast to the capital.

Washington, April 21.—Secretary Daniels tonight made public the following dispatch received from Admiral Fletcher at 6 p. m.:

"Tuesday, in face of approaching morning, landed marines and sailors from battleships Utah and Florida and transport Prairie, and seized customs house. Mexican forces did not oppose landing, but opened fire with rifles and artillery after our seizure of the customs house, the Prairie shelling Mexicans out of their positions. Desultory firing from house tops and streets. Held customs house and section of city in vicinity of wharves and consulate. Casualties, four dead and 20 wounded.

This was accepted as confirmation of the report that Vera Cruz had been taken with a loss of four marines killed and twenty-one wounded. It was announced that a statement was being prepared at the White House, to be issued soon.

AMERICAN FLAG FLIES AT VERA CRUZ

Washington, April 21.—8 p. m.—The American flag tonight flies over Vera Cruz. Four Americans were killed and twenty were wounded when a detachment of bluejackets and marines from the American fleet seized the customs house, raised the American flag and skirmished with the Mexican garrison.

Desultory firing was in progress late today, according to a dispatch from Rear Admiral Fletcher, received tonight. At first the garrison had appeared to be withdrawing. American Consul Canada reported this to the state department, but when the American forces reached the customs house, the Mexicans opened with rifle and artillery fire.

The transport Prairie immediately began shelling the Mexican position, slowly driving them out. The Mexicans fought from the house-tops and along the streets.

The American forces have taken possession of the cable office and hold the American consulate and the section of the city in the vicinity of the wharves. Rear Admiral Fletcher's dispatch came by cable.

A hurried conference was called at the White House. President Wilson summoned Secretaries Bryan, Garrison and Daniels. They were in conference an hour, emerging serious-faced.

"First blood has been spilled," said one of the officials at the White House.

Secretary Bryan left the White House at 7 p. m. for the German

embassy and the capitol. The ammunition ordered seized at Vera Cruz was shipped by a German concern.

VERA CRUZ EVACUATED BY MEXICANS.

WASHINGTON, April 21.—(7:18.)—An official report that Vera Cruz had been evacuated by the Mexican Federal garrison reached the State Department late.

RUMOR ABOUT TENTH CAVALRY.

Douglas, Ariz., April 21.—6:37 p. m.—It is reported that a detachment of the Tenth United States Cavalry has been held prisoners by the Constitutionalists.

NO AMERICAN REFUGEES INJURED.

Vera Cruz, April 21.—Rear Admiral Fletcher landed marines at Vera Cruz from the American warships. There was fighting and Consul Canada called upon General Maas and Antonio Villavenecio, the Jefe Politico, to assist the Americans in restoring and maintaining order. General Maas refused.

No American refugees were injured. Most of the American civilians had gone on board the steamers, though many remained ashore.

WIRELESS CONFIRMS NEWS.

New York, April 21.—A wireless report picked up at the Brooklyn Navy Yard tonight stated that the American marines had captured Vera Cruz with a loss of four marines killed and twenty wounded.

DANIELS DECLINES TO TALK.

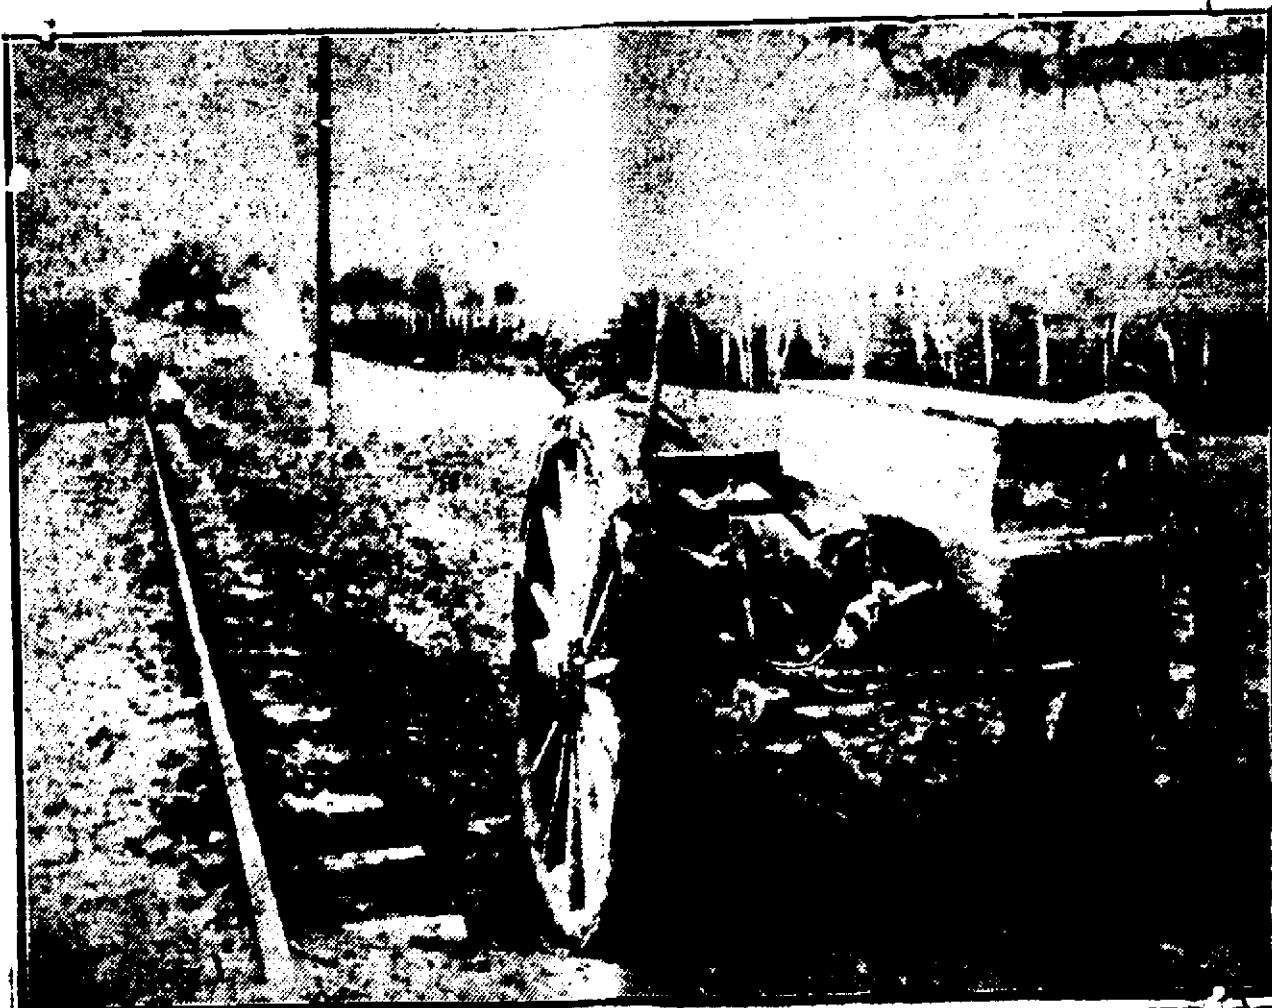

Washington, April 21.—Secretary Daniels, the first to leave the White House conference tonight, positively refused to talk. "I will be in my office at 9 o'clock," was his only comment upon the report that he had been advised of the killing of four marines and wounding of twenty more in taking Vera Cruz.

No mention of the landing of marines was made in the state department report, which is said to have preceded any navy advice on developments at Vera Cruz.

MESSAGE FROM ADMIRAL FLETCHER.

Washington, April 21.—A dispatch from Admiral Fletcher received at 7:29 p. m., announced that desultory firing was still in progress at 4 p. m. He said that he was holding that part of Vera Cruz in the vicinity of the railroad yard, the customs house and consulate. All rolling stock of the railroad, he said, was safe.

Placing Mexican Dead on Railroad Track to Be Mangled Before Burning.

This photograph, taken by a young American mining man in the vicinity of Torreon when General Villa's troops were chasing the Huerta forces, shows the method by which some of the dead federal soldiers were disposed of. Their bodies were placed along the track of the National railway so that heavy trains might run over them and mangle them.

"Why don't you do that?" the American asked in a better manner when they were answered. Just beyond the telegraph pole, and to the right, the smoke of a train was seen, and a train passed, were thrown in

the wagon in the foreground, there are several more bodies to be treated in the same manner. The Mexican soldiers saw nothing cruel in all this. In fact, they rather thought they were doing a good work. Sometimes the bodies of dead soldiers are left alone ground. The fighters have not even time to bury them.

SENATE CONVENED AT 8 P. M.

Washington, April 21.—An air of excitement and grave concern pervaded the chamber when the Senate reconvened at 8 o'clock tonight. The crowded galleries and the floor were alive with the news that four American marines had been killed and 20 wounded in the taking of Vera Cruz.

The big crowd of spectators which had filled the galleries and overflowed into the corridors sat in silent attention as the roll was called. On the floor the senators gathered in little groups and discussed the meagre reports from Mexico.

Scores of members of the House were on the Senate floor, joining in the excited gossip with the grave faced senators.

Senator Tamm opened the night session with a speech supporting the Lodge substitute.

"I shall not prolong this debate," he said, "for I believe that whatever action we shall take ought to be taken today. There should be no further delay."

MORE THAN 200 MEXICANS WERE KILLED IN FIGHT

Galveston, Texas, April 21.—More than 200 Mexicans were killed at Vera Cruz today in the fighting that followed the landing of United States sailors and marines, according to information received at the cable office here tonight.

TROOPS WANDERED ACROSS BORDER.

Douglas, Ariz., April 21.—A special to the Douglas International from Tombstone tonight says news reached there today that fifteen members of Troop B, Tenth Cavalry, were being held by Constitutional troops at a point just below the border, between Naco and Hereford, Arizona.

The troops, who were on border patrol, wandered across the line last night without being aware of the fact. It is reported that they were surrounded and taken prisoners by a large rebel detachment. Troop A, Tenth Cavalry, left Fort Huachuca today to investigate.

FINAL ACTION IN SENATE TONIGHT.

WASHINGTON, April 21.—(8:30 p. m.)—Congress has discussed all day the resolution which would give approval to the President's purposes to use the army and navy in the Mexican situation. The Senate recessed until 8 p. m., while the House adjourned until tomorrow at 10 o'clock. Senate leaders have agreed to take final action some time tonight.

COXSAIN, CORPORAL, TWO PRIVATES.

GALVESTON, TEXAS, April 21.—7:30 p. m.—Information received here at the cable office confirms the Washington report that United States marines have seized the cable office and custom house at Vera Cruz and that four marines were killed and 20 wounded. It was reported from Vera Cruz that official notification had gone to Washington from American Consul Canada. Those killed were a coxswain, a corporal and two privates.

U. S. FORCE AT VERA CRUZ.

WASHINGTON, April 21.—Tonight the navy department announced that the United States forces in Vera Cruz and vicinity consisted of the battleships Florida, Utah, Connecticut, Minnesota and the cruisers San Francisco and Chester; gunboat Dolphin, transports Prairie and Hancock, hospital ship Solace and collier Cyclops as well as the chartered steamers Esperanza, and Mexico.

This concentration of forces, totalling about 7000 sailors and nearly 2,000 marines, is made up of ships which Rear Admiral Fletcher has had at Vera Cruz for many weeks.

BADGER'S FLEET ARRIVES.

Vera Cruz, April 21.—(Bulletin)—Rear Admiral Badger, commander-in-chief of the Atlantic fleet, has arrived here with five ships.

OFFERS OF VOLUNTEERS.

Washington, April 21.—Offers of volunteers for service in Mexico are being received by representatives in congress. Representative Ferris of Oklahoma today forwarded to the president a telegram from Hulis, Okla., tendering on behalf of a mass meeting of citizens of two counties a company of 100 picked all-native Americans, "to help place the Stars and Stripes above the hills of the Montezuma."

Representative Igou of Missouri submitted to the president a telegram announcing the readiness of the Army and Navy Club of St. Louis to furnish a regiment of seasoned Spanish War Veterans in case of trouble.

MEXICANS PUT UP STIFF RESISTANCE.

Vera Cruz, April 21.—The Mexicans under Gen. Maas put up a stubborn resistance.

Less than half an hour after leaving the side of transport Prairie the marines had landed and the absence of resistance at the water

front and failure on the part of the Mexicans to contest the taking of a position somewhat in from the water front caused the curious spectators in the street to laugh, and when one Mexican man ran for cover, having had the temerity to

(Continued on page 5, col. 2.)

over the honor of its flag, and it is merely just for Americans to say that if an insult had come from a more formidable aggressor the manifestation of the public resolve to have reparation would only have been stronger and more violent. There is, of course, no question as yet of war in the strict meaning of the term."

China proper has less than 0.5 miles of pen railway to every 100 square miles of land.

Speeder is Fined.
The motorcycle speeder arrested
Sunday by Police Chief Sheridan was
fined \$5 and costs by Mayor Bigbee
Monday. The chief states that the
rider drove his machine north in
second street past the postoffice at
a rate of speed not less than thirty
miles an hour. The officer declares
the man was moving so rapidly that
his attempt to make the turn at the
Main street corner almost failed, his
machine swerving clear over to the
north curb. He rode on the wrong
side of the street until he passed the
East Main street bridge.

Moved to East Main.
Mr. and Mrs. Orndorff, who have
resided in Lawrence street, have
moved to East Main street.

Returns to Home.
Mrs. Rosine, of 115 Day avenue,
who has been at the Newark Sanita-
rium for treatment, has returned
to her home.

Leaves Sanitarium.
Mrs. Frank Nichols, of 216 Cam-
bridge street, was removed by Criss
Brox' motor ambulance Monday af-
ternoon, to her home from the New-
ark Sanitarium.

Prayer Meeting.
The regular prayer meeting of di-
vision 12 will meet this evening at
7:30 o'clock at the home of Mrs.
Mary Fields, 444 South Second
street.

Removed to Her Home.
Clunias & Martin's ambulance on
Monday removed Mrs. Molly Free-
man from the J. H. Holtzberg home
at Buckeye Lake to her home in
Hebron.

To East Newark People.
The Woman's Alliance Society of
the East Main Street M. E. church
will take the 7 o'clock car Wednes-
day evening to attend services at the
West Newark church.

W. G. T. U. Meeting.
The Frances Willard Chapter W.
G. T. U. will meet Wednesday after-
noon at 2 o'clock at the Elizabeth
M. E. church, Neal avenue. A full
attendance is desired.

Taken to Home.
Mrs. Alfred Rosen, was removed
in Criss Brox' motor ambulance
late Monday, to her home, 115 Day
avenue, from the Newark Sanitarium
where she has been under care for
some time.

Taken to Hospital.
Miss Mabel Hanks of 48 North
Williams street was removed to the
City hospital Monday evening. In
Clunias & Martin's ambulance. Miss
Hanks will undergo an operation
for appendicitis.

Mr. Wells Leaves Hospital.
L. M. Wells, who has been under-
going treatment in the City hospital
for some time, was removed to his
home, 62 Buena Vista street, Mon-
day afternoon in Criss Brox' motor
ambulance.

Will Have Electric Show.
The Westinghouse people will
have an electrical show at the Avery
Loeb company on Thursday, Friday
and Saturday of this week. Miss
Furnish will be in charge of the show.

Taken to Sister's Home.
Mrs. Frank Nichols, who resides
near Fallsburg, and who recently un-
derwent an operation at the Newark
Sanitarium was removed to the
home of her sister in Newark on
Monday.

Hikers on Trip to Maine.
Charles Garrett and Frank Raw-
lins of Pocatello, Idaho, were in
Newark Monday enroute from Poca-
tello to Augusta, Me., a distance of
6116 miles. The men claim to be

walking for a wager of \$5000 and
while enroute are not to beg, steal
or beat their way, but must earn
their living by honest labor. They
departed this morning for Coshoc-
ton, after spending the night at the
Travelers' hotel.

Injured Foot.

Noel Armstrong of the Newark
Steam Laundry, while bowling in Co-
lumbus with a team from Newark
on Sunday, had the misfortune to
crush his right foot with one of the
large balls.

Undergoes Operation.

Mrs. Frank Willey underwent a
serious operation for tumor of the
breast at the Sanitarium Tuesday
morning. Her condition is very sat-
isfactory at present. The operation
was performed by Drs. Dillon, Cos-
ner and Hunt.

Mexican Pictures.

The Hub clothing store is exhibit-
ing pictures from Mexico, showing
scenes taken along the border and in
Torreón, just before the big en-
gagement there between Villa's men
and the federals. The pictures are
interesting and have attracted much
attention.

Daughters of America Social.

Rev. A. B. Cox, pastor of the East
Main Street U. B. church will deliver
an address to the Daughters of
America on the occasion of their so-
cial session to be held Wednesday
night in the form of a bazaar. Ice
cream and cake will be served and a
candy booth will be a feature.
Friends of the order are invited.

X-Ray Examination.

Miss Anna Priest, daughter of Dr.
S. C. Priest, of North Fifth street,
was taken to the B. & O. station
Tuesday afternoon in Criss Brox'
motor ambulance, for the 1:40 train
to Columbus, where she will under-
go an x-ray examination in Grant
hospital. This course was deemed

advisable in order to aid surgeons
in determining the extent of in-
juries to her hip as a result of a fall
a week ago last Wednesday.

Burns Face in Explosion.
Mrs. P. M. Birnbaum, who re-
sides in the Henrietta apartments,
met with a serious accident on Sun-
day. She went to open the oven
door when the gas exploded and she
was seriously burned about the face
and neck. Her condition today, how-
ever, is much improved.

HOW TO MAKE THE BEST OF A
LITTLE LAND.

"Harper's Book for Young Gar-
deners," by Alpheus Hyatt Verrill, is
one of the Harper publications for
this week. This book has been pre-
pared to show how much profit and
pleasure may be obtained from sim-
ple gardens, and how to plan, ar-
range, and care for them properly.
Mere theories and elaborate methods
have been avoided—practicability
being the purpose of the volume. It
tells what soils are best adapted to
certain plants and what returns may
be expected from the land and means
at command. Kitchen gardens, flow-
er gardens, school gardening, experi-
mental gardening, ornamental gar-
dening are all explained, and the
author shows what can be accom-
plished at a small outlay in a city
back yard or vacant lot. When to
plant, what to plant, the tools need-
ed, are the things first considered,
and a sample plan of a city garden
25x40 feet is given.

REMARKABLE SUCCESS AS
AGRICULTURAL EXPERT.

The Columbus Dispatch of Sun-
day carried an interesting feature
story complimentary to Charles Wil-
liam Burkett, of Thornville, just
over the Licking line in Perry coun-
ty, in which is recited some of this
Ohioan's remarkable successes as an
agricultural expert.

Burkett is a graduate of the agri-
cultural school of Ohio State uni-
versity, and has won recognition for
his accomplishments in agricultural
lines in several states, after having
shown by practical application of his
knowledge, on his father's home
farm in Perry county, that the sci-
ence of agriculture is a science in-
deed.

In casting your bread upon the
waters, don't wait until it is so stale
you have no further use for it.

GIRLS! BEAUTIFUL, CHARMING HAIR,
NO DANDRUFF--25 CENT DANDERINE

Try this! Doubles beauty of hair in
few moments, and stops it fall-
ing out—Grows Hair.

Your hair becomes light, wavy, flut-
ty, abundant and appears as soft, lus-
trous and beautiful as a young girl's
after a "Danderine hair cleanse."
Just try this—moisten a cloth with
a little Danderine and carefully draw
it through your hair, taking one
small strand at a time. This will
cleanse the hair of dust, dirt and ex-
cessive oil and in just a few moments

you have doubled the beauty of your
hair.

Besides beautifying the hair at
once, Danderine dissolves every par-
ticle of dandruff, cleanses, purifies
and invigorates the scalp, forever
stopping itching and falling hair.
But what will please you most will
be after a few weeks' use when you
will actually see new hair—fine and
downy at first—yes—but really new
hair growing all over the scalp. If
you care for pretty, soft hair and lots
of it surely get a 25 cent bottle of
Knowlton's Danderine from any drug-
gist or toilet counter, and just try it.

Dike's Celery
and Iron Tonic

When you feel all run down
—not sick enough to call a
doctor and not well enough to
work—just get a bottle of
Dike's Celery and Iron. It will
strengthen you and make you
feel like a new person.

Man of the Hour.

Critics who for months have sought an open door of opportunity into which they might dodge and deal a blow to the honesty of purpose, the competency and capability of the head of the national administration, are grasping wildly at the Mexican and Panama straws. The generalities in which they deal in their attempt to discredit President Wilson and his counselors proves the emptiness of their hope.

Very probably never, with the possible exception of the time of Lincoln, has there been such a successive series of delicate situations with which the head of this nation has had to deal, as those which have confronted Woodrow Wilson. Never since the Civil war have there been so many problems presented for solution, calling for sober thought and judicial wisdom, as those national and international matters which President Wilson has been called upon to adjudicate.

In a moment of crisis there lies the best hope of the trouble-maker, the despoiler, the avenger, the coward and the bromite. It is in times when great men ponder over great things that small minds seek to discredit and undo the things which have been honorably and rightly done.

Woodrow Wilson faced the grave duty of carrying out party pledges in the face of the cunning opposi-

tion of the interests which had for years held sway in the very heart of the United States government. The first great question was the tariff revision. Party pledges were carried out. The tariff was reduced. The country is progressing. The next great question has been the Mexican turmoil. This, the critics have sought to link with the toll question. In the canal toll question President Wilson has taken his stand in favor of the rights of the mass of the people of the United States as against the privilege-seeking few.

In the Mexican situation President Wilson has sought to protect American rights and property without the price of human blood, life and the expenditure of the nation's means in warfare.

While critics complain, the dignified chief executive of this nation goes mildly on in the pursuit of his duty as he sees it, and when he has finished unravelling the international tangle, there is every assurance that he will do as in the past—calmly present his handiwork to the people of the United States for their approval or disapproval.

The eyes of the world are turned upon him, as the man of the hour, and although his few critics would have it believed that his course is the object of high-minded criticism, civilization cannot but admire his earnest zeal in behalf of the people of the nation which has honored him with its confidence.

On Second Thought

It's bread that's stale and for which they have no further use that many people "cast upon the waters." Try a fresh loaf occasionally.

Senators Du Pont and Weeks have offered their services to the President in case of war. Dr. Knauss will also probably go to the front too, as he holds an O. N. G. commission.

Love and Law sometimes form a partnership. Read the Petosky story in another column.

Newark's clean-up day comes two weeks from tomorrow. Nobody will stop you if you start now.

Wm Pogram has just been indicted at Scranton, Pa., for a murder that was committed twelve years ago. Recalls the old saying about "wheels of justice."

In the matter of properly fitting a boy to acquire an education college training is invaluable.

One reason baseball is an attractive profession is that, a man may acquire eminence in it without having it said of him that his wife "made" him.

Commenting upon the recent theft of Madame Calve's jewels by her valet, Eph Wiley says that in his neighborhood the job of valeting a

woman would be regarded as an indelicate one.

When a robbery occurs people say: "It is my opinion the thief doesn't live far away."

Given a baldheaded man as a subject and a barber shop as a stage, and any man can make a joke.

One of the most universally accepted theories is that if a man has energy enough to make money he should be fined whatever he has accumulated for thus employing it.

If you wish to convict a woman try her before a jury of her own sex.

Our Office Boy.

let de Noork bunch git after that mexican guy. Huerta yell he would let out, huh? yiaar deep.

THE OFFIS KID.

Uncle Walt

Paint Up.

As I've often said before, you should toddle to the store, if your standoff's not too faint, and invest in yellow paint; then embellish house and barn, till the neighbors say, "By darn! What a lovely, gorgeous hue! We must get to painting, too!" That's the way great movements start; some wise gent with hero heart sets the guys follow where his pathway lies. If with glad and joyous whoop you should paint your chicken coop, red or yellow, pink or gray, you will see the neighbor jay to the nearest drugstore rush, there to buy some paint, a brush; and next thing you'll see that chump putting green stripes on his pump, and he'll give a coat of blue to the fence and clothesline, too. In the spring Dame Nature tries to astonish human eyes, spreading on the colors thick; everything is span and spick; fields of green and skies of blue, everywhere a pleasing hue. And her sunlight often falls on our gray and dingy walls, and it makes her sick and faint, that we don't indulge in paint. Buy a gallon can right now! Paint the sidewalk and the cow, paint the house and paint the shed, paint things yellow, paint them red!

POLITICAL ANNOUNCEMENT.

I have stood by President Wilson or all administration measures and invite you to investigate my record. If it meets your approval I will appreciate both your influence and vote for Representative in Congress for the 17th District on the Democratic ticket at the primary August 11th.

My plurality in the old 17th District in 1906, was 485; in 1908, 7172; in 1910, 10934 and in 1912, 19,752.

WILLIAM A. ASHBROOK.
Adv. d-w to 8-11

"This must be the straw that broke the camel's back," remarked the sufferer from insomnia as he tossed on the boarding house mattress.

New Solicitor of State Department

Cone Johnson of Texas has succeeded Joseph W. Folk of Missouri as solicitor of the State Department at Washington. Mr. Johnson has been a prominent lawyer in Texas. He is fifty-four years of age. The photograph of him was taken as he left his new office. His place pays a salary of \$5,000 a year.

BACKACHE A WARNING

YOU SHOULD HEED

It is One of the First Signs of Kidney Troubles, if Neglected, Serious Diseases Follow.

No one can be well and healthy unless the kidneys work properly and keep the blood pure. When they become clogged up and inactive, nature has a way of warning you.

Backache is one of the first symptoms. You may also be troubled with disagreeable annoying bladder disorders; have a ticks of lumbago or rheumatism; become nervous, tired, and feel all worn-out; puffy swellings show under the eyes or in the feet and ankles, and many other symptoms are noticed. If they are neglected, dropsy, diabetes, or Bright's disease, which so often prove fatal, may result.

It is not only dangerous, but needless for you to suffer and endure the tortures of these troubles for the new discovery, Croxone, quickly and surely ends all such misery.

There is no more effective remedy known for the prompt cure of all such troubles than this new, scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings; cleans out the clogged up pores; neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter and sift the poison out of the blood and drive it from the system.

You will find Croxone different from all other remedies. There is nothing else on earth like it. It is so prepared that it is practically impossible to take it into the human system without results.

You can secure an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case. Three doses a day for a few days is often all that is ever needed to cure the worst backache, relieve rheumatic pains, or overcome urinary disorders.

If Diogenes used a lantern in broad daylight and simply for the purpose of covering an honest man, this proceeding was not consistent with his usual sagacity. A lantern would have been a more appropriate badge if he had been in search of rogues; for such characters skulk about in holes and corners, and in the light, because their deeds are evil.—Lacan.

Take Time to View Plan With Unprejudiced Mind, Sign Board of Trade Card

It is doubtful if there exists in the minds of any class of Newark's citizens, any other sentiment than one of approval of the Board of Trade's plan for raising a factory fund, to be used for the sole factory of the city's industrial development. It has been endorsed by a great number of organizations of Newark's most representative citizens, and seems to appeal to every one who will examine it with candid intelligence, as fair, comprehensive and co-operative.

Its simplicity is one of the strongest features. There is no complicated machinery which is liable to get out of order, but a simple definite object to be attained with direct, frank and effective methods of accomplishing it.

Give the proposition a fair minded consideration in its prominent essentials and it is believed each one will at once sign his card and mail it to Secretary W. F. Wulphoof, Secretary of the Board of Trade.

Here is the plan stated in concise form:

1st—Newark needs an industrial awakening to keep pace with other cities of her class in Ohio.

2nd—Nothing tends to increase industrial and commercial welfare and prosperity like factories running upon full time, with numerous employees and big payrolls.

3rd—Money paid out by manufacturing plants raises the wage

standard, makes it possible for the workman to save his earnings, buy and own his home, and means increase in his expenditures for the comforts and necessities of life.

4th—Every new industry located in a city, increases the value of the property in its vicinity including the homes of the working class, and expands the market for labor at good returns.

5th—To foster a city's industries and induce new ones to locate, is the province of a Board of Trade, a factory fund is necessary to get results, and this must be raised by some means. The plan proposed allows every one to contribute in proportion as he is able, the owner of real estate just one-tenth of one percent. By doing so he becomes a share holder in the general progressive movement.

6th—This fund when raised will be placed in the hands of five of Newark's most representative citizens as trustees, and they are bound by a contract with the directors of the Board of Trade, making them personally responsible for the proper expenditure of this money, which can be used only for the purpose of getting new industries to locate in Newark.

Could anything be more frank, more simple in conception and direct in application? Think it over without prejudice and you will no doubt sign and return your card.

Then appeared on the scene Senator James Hamilton Lewis of Illinois, who took occasion to introduce a number of friends, his former constituents from the state of Washington. The vice president shook hands and said some pleasing words and then turned to Lewis and remarked: "You want to get in there and sustain my ruling. They are trying to overturn it."

Vice President Marshall may have no pride of opinion, but he likes to be sustained just the same.

When Payne Gets Started.

Congressman Payne of New York is not as anxious to get into debates as he was many years ago. He prefers to sit and listen to the proceedings, take a nap occasionally and let the younger men of the house go on in their own way. But when he gets started he makes quite a sensation. He seemed to have a good time not long ago in a debate with Vic Murdock of Kansas. Among other things he mentioned that Murdock was running for the senate instead of the house. "Murdock knows he will get left," said Payne, "but he has an idea that running for senator is a bigger funeral for him than running for the house."

Pointed For the Graveyard.

This is the season in legislation when a number of measures are pointed for the graveyard. Whenever one observes an extra effort being made to postpone the consideration of any measure until the next regular session in December that particular measure is certainly headed for the graveyard by its opponents. Whenever contested legislation goes over to the short session it means that it has gone where it can be easily defeated. There is pressure for time now, but it will be trebled during the short session.

Labor Men Anxious.

Representatives of labor are decidedly anxious about legislation which will exempt labor organizations from prosecutions under the Sherman trust act. While they got such a measure through as a part of the last sundry civil appropriation bill, it was really of no consequence, because it lasted only a year and only applied to a comparatively small amount of money appropriated for the department of justice. The labor organizations want this put on the statute books in such a way that it will have teeth and will mean the exemption of such organizations.

LOCK.

Rev. E. J. Converse was entertained over Sunday by Wm. Rowe and family.

Mrs. W. D. Stoughton, Miss Helen Shuff, Mrs. A. D. Barrick and daughter Mabel were at Centerburg Saturday shopping.

Guy Myers of Columbus, who is visiting at Mel Higgins attended the

Resinol Shaving Stick

soothes your face

When you use Resinol Shaving Stick there are no tears, smarting after-effects, no annoying shaving rashes to fear. That is because its creamy lather is full of the same soothing, healing, antiseptic balsams that make Resinol Ointment and Resinol Soap so effective in the treatment of skin affections.

25c at most druggists, or mailed on receipt of price. For trial size stick free, write to Dept. K, Resinol, Baltimore, Md.

lecture here Sunday evening, given by Miss Sylvia Seigfried.

Mr. and Mrs. Will Rowland were Sunday guests of Mr. and Mrs. Jacob Hawk of near Mt. Vernon.

Orley Bird and children and Ruth Sessor were Mt. Vernon visitors Saturday.

Word was received here Thursday of the death of John Jagers of Kansas City.

Mrs. Charles Llamore and children left Wednesday for their home at Toppenish, Wash., after an extended visit with relatives.

C. L. Coe and W. H. Douglass were Newark visitors Tuesday.

Mrs. Mary Trout of Milford was a guest of Mrs. Joseph Llamore last Thursday.

Mr. and Mrs. Newt Shultz were over night guests of Clint Dustin and family of Centerburg, Tuesday.

Mrs. Lizette Clutter, Gordon Coe, and James Parks are on the sick list.

PROFICIENT DAIRYMEN.

One of the notable features of the work of the dairy department of Ohio State university is found in the fact that almost all the work in the university dairy is done by students. Many of these students are not only interested in dairying but are partially dependent upon themselves to pay their way through school. Coincident with this fact comes the interesting feature that the most successful dairymen to be turned out from the university have been men who worked in the dairy while in school. All operations, from milking the cows, testing milk, pasteurizing, bottling milk and churning to keep records, are done by students. The men who work their way through college no matter what their specialty may be, are usually the most proficient when they take up real work at the close of their school career.

Painters and tailors are both busy with spring coats.

Musterole Quickly Relieves Stiff Joints and Pains?

Keep a jar in the house. It is the premier remedy for Backache, Sore Joints or Muscles, Rheumatic Pains, etc.

MUSTEROLE is a clean white ointment made with oil of mustard. It penetrates to the seat of pain and drives away, but does not blister the tenderest skin.

It takes the place of the messy, old-fashioned mustard plaster. MUSTEROLE is recommended for Bronchitis, Croup, Asthma, Pleurisy, Lumbago, Neuralgia, Sprains, Bruises, Stiff Neck, Headache and Colds of the Chest, (it prevents Pneumonia).

At your druggist's—in 25c and 50c jars and a special large hospital size for \$2.50.

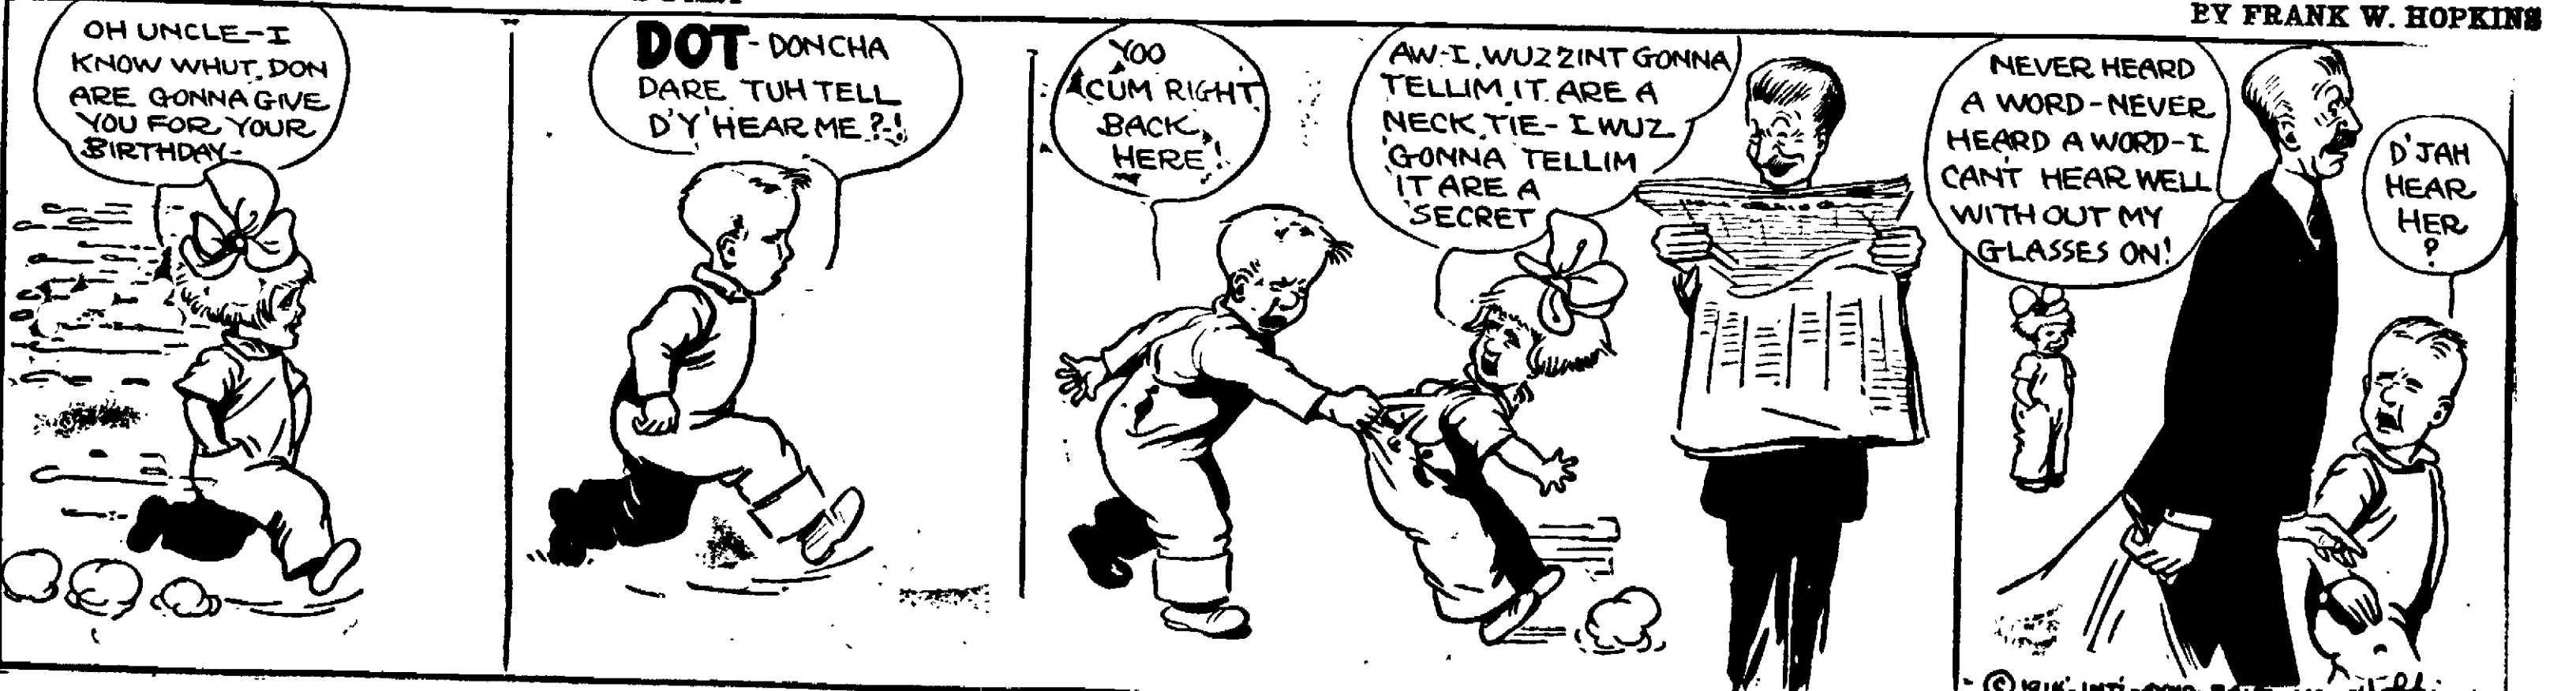

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

F. R. L. Secord, 18 W. 128th St., New York City, says: "Please send me for office use, a good size jar of Musterole as I find it most beneficial for applications on patients."

MUSTEROLE

BY FRANK W. HOPKINS

A BIT OF DELICATE DIPLOMACY ON UNCLE'S PART

Good Bowels Are An Aid to Growth

Growing Children Need a Mild Laxative to Foster Regular Bowel Movement.

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health, great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constipate one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a wholesome fruit like bananas constipating many. It is also to be considered that the child is growing, and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often or occasionally, according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin. This is a laxative and tonic combined, so mild that it is given to little babies, and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Syrup Pepsin at night on retiring, and prompt action will follow in the morning. It not only acts on the stomach and bowels but its tonic properties build up and strengthen the system generally, which is an opinion shared by Mr. John Dey, of Bloomfield, N. J. He has a large family and at ages where the growth and development must be

MARIE DEY

watched. Little Marie has thrived especially well on Dr. Caldwell's Syrup Pepsin. Mr. Dey considers it the right laxative for young and old and has found none better for young children.

The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid cathartics, salts and pills as they are too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be conveniently obtained of any nearby druggist at fifty cents and one dollar a bottle. Results are always guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

VANATTA.

We are glad to welcome our new grocer, Mr. Wm. H. Gregg, into our village, for he has proven himself worthy of our patronage.

Owing to the rainfall of last Wednesday evening, the Grange did not meet. The program, however, will be rendered at the next meeting.

Mrs. Rose Spiker visited Mt. Ver-

For Sale by W. A. Erman.

MEXICANS PUT UP STIFF RESISTANCE

(Continued from Page 1.) shout at the top of his voice "Viva Mexico," loud guffaws came from the onlookers.

But the lull was not indicative of compliance. A few shots came within a few minutes and later a brief exchange, and many of the spectators, whose curiosity alone had brought them onto the streets lingered, thinking it was only a show of resistance, but after another brief interval, fighting in earnest began, and hour after hour the Mexicans continued to oppose the Americans fiercely in some quarters, although the man body apparently seemed ready to quit.

Most of the firing was done by outpost parties placed on roofs of houses at various points of vantage, whose only choice was to keep on firing or surrender.

The guns of the Prairies assisted the landing party. Towards evening the fighting continued, but it was more of a house-top character than a determined, organized resistance.

Finally the Mexican soldiers who had not been captured, killed or wounded, retreated westward.

SALUTED FLAG.

(ASSOCIATED PRESS TELEGRAM)

Topeka, Kan., April 21.—Five hundred school boys who deserted their class rooms to parade through the streets, headed by an American flag and a life and drum corps today, forced a dozen track laborers, evidently Mexicans, to salute the flag. More than a hundred school girls who followed a block behind the boys in a parade of their own, cheered while the salute was delivered.

PATRIOTIC SPIRIT IS EXHIBITED BY THE CHICAGOANS.

(ASSOCIATED PRESS TELEGRAM)

Chicago, April 21.—News that the House of Representatives had passed the resolution authorizing President Wilson to use the armed forces of the nation in Mexico to compel respect to the United States flag was greeted with cheers and much enthusiasm by audiences in Chicago theaters and crowds in cafes last night.

In one theater, the news from Washington was flashed on a screen, as the orchestra began to play "The Star Spangled Banner." A thousand persons jumped to their feet and the music was drowned by the cheering which followed.

A demonstration of 15 minutes occurred in another theater when an actress appeared on the stage carrying a large American flag. "Sing America" called some one in the audience. The orchestra struck up the American, and every person in the House stood up and joined in the singing. "Columbia, the gem of the ocean," "Maryland," "The Star Spangled Banner" and "Dixie" followed in rapid succession.

"Three cheers for the President of the United States" yelled some one in the balcony and the audience gave three lusty cheers for President Wilson. The play was continued after the demonstrations.

Announcement was made at the University of Chicago that should war be declared, students in the senior class who enlisted and went to the front would be given credit for a full year's work and would be graduated.

Work Progressing. Workmen on the city building have removed a portion of the west wall of the south end of the building and today arrangements were made to remove that part of the Main street wall which will be replaced with an entirely new front.

EXERCISES IN PREPARATION FOR ARBOR DAY

Arbor day exercises will be held in the Y. M. C. A. auditorium, on Thursday evening, April 23, 1914, under the auspices of the West Locust Street Beautifying Society. Civic societies, teachers, pupils and all others interested, are heartily invited to attend.

This meeting will prepare all to better observe Arbor Day which immediately follows. Many persons who live on this street have expressed their desire and intention of improving their sidewalks and otherwise beautifying their property.

The exercises will begin at eight o'clock, and as admission is free and open for all, it will be necessary to come on time in order to get a good seat, for none will be reserved.

PROGRAM
Invocation, Rev. G. A. Marshall.
Some Objects of the Society, President Larson.

"A Few Good Trees, Plants and Flowers for Home Planting," by Hon. F. H. Ballou, Assistant Horticulturist, Experiment Station.

"The Rented Farm," Mrs. W. V. Davis.
Address, Hon. A. P. Sandles, president Ohio Agricultural Society.
Short Volunteer Talks

STUDENTS CHEER THE REMARKS OF DEAN STODDARD.

(ASSOCIATED PRESS TELEGRAM)

New York, April 21.—New York University students cheered Dean Francis Hovey Stoddard for several minutes yesterday when he said at chapel exercises that he knew "all the students of the university stood ready to give their lives for the country if needed in its defense."

"The students of this university need no urging to do their patriotic duty," said the dean. "I feel confident that the management of our government is in patriotic hands, and I feel sure that the students here before me will sustain the honor of this government by every means in their power."

Presumptive Evidence.

"What made you think Mr. Lovet wet had been drinking?"

"Why, when the charlotte russe was set before him he tried to blow off the foam."—Philadelphia Ledger.

Not Exclusive.

Nellie (aged five)—Our family is awfully exclusive. Is yours? Besieged four—No, indeed. We haven't anything to be ashamed of.—New Orleans Times-Democrat.

Real Sympathy.

Juror—We acquitted him out of sympathy. Friend—For his aged mother? Juror—Oh, no—for having such a law-
yer.—Philadelphia Bulletin.

WHAT IS IT?

What color?

Answer to Monday's puzzle—Pelican.

THE REASON WHY!

By Heath

"THIS ARMOR IS THE THING," HE SAID, "TO COVER UP THE DOME,

WHEN ONE HAS GOT A GENTLE WIFE, AWAITING HIM AT HOME!"

The Language of "The Makings"

is known all over the world. You can go to any tobacco store, booth or bazaar, from Calcutta to Stockholm, from Yokohama to Buenos Aires—make the sign of rolling a cigarette—and the native dealer will hand you a sack of "Bull" Durham tobacco. He understands what you want, because "Bull" Durham is identified with hand-made cigarettes the world over.

Millions of men of all nations and all classes roll their own cigarettes from "Bull" Durham. This ripe, mellow tobacco makes fresh, fragrant cigarettes that they prefer to any kind they can buy ready-made.

GENUINE "BULL" DURHAM SMOKING TOBACCO

(Enough for forty hand-made cigarettes in each 5c sack)

The delightful smoothness, mildness and flavor of "Bull" Durham hand-made cigarettes afford complete, lasting and healthful enjoyment.

Get a sack of "Bull" at the nearest dealer's today, and join the veteran smokers who "roll their own."

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Book of cigarette papers, will both be mailed to you, free, on postal request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO COMPANY

The Interior Finish of Your House is of Vital Importance.

The occupants cannot escape its influence. They are face to face with it all the time. It is their environment; their "atmosphere."

Therefore, Mr. Builder, whether you are to live in it yourself, or rent it to others, you should see that the finish is RIGHT.

SPARTAN ART WOOD STAINS.

reach the highest standard of excellence in wood finishes. They run the gamut of goodness, embracing all the beautiful shades adaptable for architectural work.

They won't raise the grain; hence require no sanding.

When applied as per directions, they won't fade.

They are made by a house that is practical; that has specialized on stains for many years; that is now making stains and fillers for the leading piano and furniture manufacturers of the United States and Canada. They are

Suits
Are Beautiful

Is what we hear so many of our customers say. Not only are the styles so pretty, but the price is so reasonable. This week we are featuring a beautiful line of suits at—

—\$20.00 to \$25.00—

To fully appreciate these you must come in and see them yourself. So many pretty styles in dainty short jackets, with beautiful button trimmings and fancy collars. Skirts made in either peg top style or in tiers. Then the colors are so beautiful—wistaria, leather, lavender, copen, tango, green, currant and navy. These suits are well tailored and silk lined.

Ask to see the suits ranging from \$20.00 to \$25.00

You'll Want a New Waist

With your new suit. The styles are so dainty and pretty this spring. In the lingerie waists, you will find embroidered batistes, embroidered voiles, hand embroidered wash chiffons, with trimmings of lace and medallions. Many of the new styles have a touch of velvet and colored buttons. In silk crepes or messalines you will find any color to match your suit. Made in low neck styles with dainty lace frills. Also sheer crepes made over nets, in low neck and short sleeve styles with frills at neck and sleeves. You will like our showing of waists at—each \$5.00

Boudoir Caps \$1.25 to \$2.00

So many pretty styles in dainty lace caps, made of embroidered chiffon, plain nets, shadow lace, with rose bud and ribbon trimmings. In looking through these, ask to see the caps made in Dutch style. You are sure to like them.

Camisole is The New Name

Of a pretty little garment brought into the list of the necessary, by the present vogue for sheer blouses. You will find so many pretty styles. Some made with yoke and short sleeves, with frill around the neck, others made plain with trimmings of shadow lace on batiste or silk mull. Others with panels of fine embroidery set together with lace. All finished with ribbon trimmings in either pink or blue.

Prices \$1.95 to \$3.00

DANDY DARKIES TO CAPER AGAIN IN GRANVILLE

(Special to Advocate.)
Granville, April 21.—Considerable interest is being displayed in Granville concerning the Denison Dandy Darky show, which is scheduled to make its annual appearance in the Opera House Wednesday evening. Extensive preparations are being made to accommodate the large audience which is always present when the D. D. comes to town.

Announcements have it that the show is bigger, grander, greater, and the stage settings are more elaborate than ever. The company this year has not many new faces from that of last year. Everywhere the company has played this season they have been greeted with large and enthusiastic audiences. Because so many of the cast have friends here, Mr. Albert Akers, the genial advance agent, has declared that special features will be added to please the Granville public.

As an unusual surprise to everyone it was proclaimed that the services of "Lew Dockstader" Morrow, and "Honey Boy Evans" Schwegman had been secured at an exorbitant sum to appear here on Wednesday evening. It is very seldom that these two premier end men are seen outside of the eastern metropolis, and, as this pair of the world's most accomplished joke-smiths will retire after this season this will be absolutely the last time Granville people will have the opportunity to observe them in their favorite roles.

They will be accompanied with their regular quartet of subordinate end performers, namely, "Johnny" Masteller, "Teddy" Putnam, "Bud" Carrier, and last but not least, the active little gentleman with the versatile name "Shorty" Long. Around this group of renowned entertainers the big show has been built up.

A large bundle of witticisms has been shipped in a strong box from the Delphic oracle and they will be heard for the first time on Wednesday. John Norman Darrow, alias "Nat Goodwin," will occupy the throne in the middle of the stage, and endeavor to keep order among the principals. As "Honey Boy" Schwegman and "Lew Dockstader" Morrow are more or less inclined to permit the extreme sentimentality of their natures to interfere with their acting and if one oversteps the other in some supposedly humorous remark grave anxiety is elicited for the healthful condition of the two.

Promptly at 8 o'clock the curtain will raise and the long awaited performance will start.

NO MORE TROUBLESOME SUPERFLUOUS HAIRS

Nothing is quite so annoying to a woman as ugly fuzzy growths on the face, and while the electric needle brings relief, it is no more effective than a simple paste made with powdered delatone and water. This paste is spread on the objectionable hairs for or 2 minutes, then rubbed off. After this treatment the skin should be washed to free it from the remaining delatone and it will be soft, clear and hairless. Be sure, however, that you get the real delatone. Advertisement.

DIES FROM WOUNDS RECEIVED IN ENCOUNTER WITH A LARGE LION.

(Associated Press Telegram.)
Khartoum, Egypt, April 21.—The Rev. Ralph W. Tidrick of the American United Presbyterian mission in the Sudan died today of wounds received in an encounter with a large lion.

Mr. Tidrick who was stationed along the Sobat river was attacked seven days ago. He started down the Nile for Khartoum to undergo treatment. The trip occupied six days. He arrived here yesterday and died today.

STOMACH SUFFERERS! READ THIS.

So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach, standing that we want you surely to try this remedy. It is known as Mayr's Wonderful Stomach Remedy. One dose will convince you. It usually gives wonderful relief within 24 hours—even in the most stubborn cases. Mayr's Wonderful Stomach Remedy is now sold here by Hall's Drug Store.

FURTHER PROOF THAT HONEY LIVES

Having seen a copy of the Advocate denying the report of his death, Mr. Edgar T. Honey who engineered the campaign for Newark's new hospital, writes from Newark, N. J., saying:

"It was very interesting to know that I have been dead. My experiences in the other world however, have left no impressions upon my mind otherwise I should be pleased to put in writing my experiences beyond. Although I might possibly be able to make money in the recounting of my trip into the unknown, I am more than glad to be counted among the living. Should you hear of any campaign where they need a very much alive man I would appreciate your passing the word along."

FUNERAL OF E. M. DOWNER.
Granville, April 21.—Edward Mott Downer was laid to rest in Maple Grove cemetery Monday afternoon at three o'clock. Services were held at the home on Broadway beginning at 2:30. Dr. J. C. Baldwin a former pastor of the local Baptist church lead in prayer. Rev. Millard Brodesford, present pastor of the church assumed control of the other services.

The average woman is eager to stand up for her rights until she finds herself in a crowded car.

\$12 EMBROIDERED SMOKER'S CUSHION, A CONTEST PRIZE

This fine hand embroidered cushion purchased of the Carnal Sisters Millinery store in the Y. M. C. A. building is one of the extremely attractive prizes in the Advocate's big Booklovers' contest. This \$12.00 smokers' cushion is of brown burlap, beautifully embroidered in shades of brown, with a dash of red, a most effective design of pipe and cigar, with artistic pine cones, and the words, "Friends We Pine For," and the man who hits a pipe or smokes cigars will surely rejoice in its possession, while it makes a most attractive ornament for any room.

The Carnal Sisters carry, beside their millinery, a beautiful line of embroidery work and supplies, neckwear, etc. This Booklovers' handsome prize is on display in their store.

MOORE FINED ON CHARGE ILLEGAL SALE OF LIQUOR

James Moore, arrested last week on a charge of selling liquor without license, was fined \$250 and costs by Mayor Biglow Monday afternoon and ordered committed to the county jail until the fine and costs are paid. Two other affidavits against Moore were dismissed. George Moore, charged with the same offense, was also dismissed.

An investigation of the Spanish dialects of Mexico has been undertaken by Dr. Rudolf Wagner.

KING AND QUEEN WITH LARGE STAFF PAY STATE VISIT.

(Associated Press Telegram.)
London, April 21.—King George and Queen Mary of England, accompanied by a large staff including Sir Edward Grey the Foreign secretary and his private secretary, Sir William Tyrrell, left for Paris today to pay a state visit. Their Majesties crossed the English channel from Dover to Calais on board the royal yacht Alexandra, which was convoyed by British and French warships.

HEISEYS OPEN SEASON SUNDAY

The Heisey baseball team, which will represent Newark in the Capital City league, an organization composed of six Columbus teams, The Heiseys of this city and the White Sox of Lancaster, will open the season here Sunday in a game with the Columbus Westerns. A regular schedule has been adopted and some fast players have been signed to play with the various teams of the league.

PUBLIC NOTICE.

To all whom it may concern.—Notice is hereby given to all persons and tradesmen that I will not be responsible for any debts or accounts contracted by my wife, Jerrie J. Swisher, hereafter, and that they shall not trust her on my account. 4-7-tues-3t JOHN H. SWISHER.

Spring Laxative and Blood Cleanser
Flush out the accumulated waste and poison of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-gripping laxative. Cures constipation; makes you feel fine. Take no other. 25c. Recommended by Frank D. Hall.

ETHICAL DENTISTS TO HOLD MEETING HERE THURSDAY

There will be a meeting of the Ethical dentists of Licking and Knox counties Thursday, April 23, at 2:30 p. m. in the parlor of Hotel Warden for the purpose of organizing a component society of the Ohio State Dental society. The arrangement committee is making plans for a good meeting and you are requested to attend. After the organization the following program will follow: E. W. Martindale—lantern exhibition of slides used in the state society educational work.

H. M. Seman—anaesthesia of sensitive dentine and artificial hypaemia clinics.
E. E. Hall—removable bridge-work.
J. H. Kendall—painless devitalization.
Harry Capes—bridgework, demonstrating Goslee teeth.

P. Bethel—some phases of C. odontia.
L. C. Mills—restoration of broken down roots and lingual attachments for vital teeth.

WILL INVESTIGATE CAUSE OF EXPLOSION WHICH KILLED NINE.

(Associated Press Telegram.)
Nacout, Sask., April 2.—An investigation into the cause of the gas explosion which wrecked a local hotel killing nine persons who were in the dining room was begun by the authorities today.

So suddenly did the floor and walls of the dining room collapse and sink into the basement that few persons in the room escaped death or injury.

The United States has made more rapid progress in iron production than any other country.

EASY TO DARKEN YOUR GRAY HAIR

Try This! Mix Sage Tea and Sulphur and Brush It Through Your Hair. Taking One Strand at a Time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning, all gray hair disappears and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Agents, Hall's Drug Store.

Blobs—"I just saw Mrs. D. Ahaway. She was dressed to kill. Slobbs—"Yes, she cut me dead."
